

SYSTEM 250RB-RLI

18711RB System 250RB-RLI

Luxo's best-in-class Binocular Stereo-Zoom Microscope with dual Boom Ball-Bearing Stand, 150W Fiber-Optic Illuminator with ring light features superior magnification and optimal illumination.

- 26" stainless steel horizontal boom extension is the largest in the industry
- Ball-bearing boom design allows fluid horizontal extension of boomstand
- Dimmable 150W Fiber-Optic Illuminator with continuous annular ring light
- Magnification range of 6.5X-45X
- Optional eyepieces and accessory lenses can be used to extend the magnification range up to 225X
- Flexibility and adjustability: Alter angles up to 45°; 360° head rotation in its focus mount
- Fine adjustment and easy positioning along a 19.5" vertical boom
- Includes 10X wide-field eyepieces
- Sturdy 10" x 10" die-cast base
- Dual graduated knobs located on both sides of the head regulate zoom control
