

IFM MAGNIFIER

The Luxo IFM magnifier has been upgraded to a sturdy, stamped steel shade rather than a plastic housing which was used in the past. The magnifiers feature a 5" diameter lens in either 3-diopter (1.75X) or 5-diopter (2.25X) models, in a choice of 45" or 30" arm lengths. The expanded model range also includes a clamp or base mount. This medium-duty illuminated magnifier series is a smart economical choice for tight budgets.

Features:

- The new series features models with both 30" and 45" arm lengths
- Clamp or base mount
- 5" diameter 3-diopter (1.75X) or 5-diopter (2.25X) lens
- Expanded model range
- Lamp diffuser cover
- All models include a 22-watt fluorescent tube which provides shadow-free illumination
- They have a built-in starter so the switch does not have to be held down for several seconds to illuminate the tube
- IFM models come with a 3-wire cord
- Operates on 115VAC
- UL/CUL listed
- 30" arm models are available with a weighted base
- Finish: Light Gray
- 5 year warranty
