DESCRIPTION

The IPM-100 securely mounts the iPad™ on a stand, table mount or wall. This versatile frame comes with Lock-It™ security screws to secure the device and is designed to work with both the iPad™ and iPad2™. The mounting frame permits access to the home button only and prevents unauthorized access to power and volume controls. The IPM-110 blocks all button access leaving only the touch screen open for use. The IPM-100 has a 100 x 100 mm VESA mounting pattern.

FEATURES

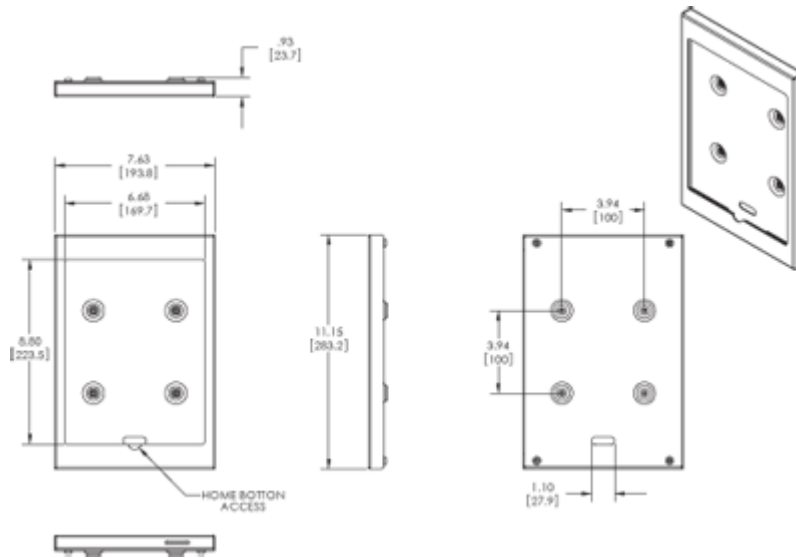

- Securely frames the iPad™ to prevent unauthorized access to power and volume controls
- Perfect for hospitality, corporate and education environments
- Opening allows for docking cable
- Cushioning inside the frame supports and protects the iPad™
- LockIt™ security hardware included
- The mounting frame does not limit Wi-Fi reception
- Works with both iPad™ and iPad2™
