PRIMETEST 100 PATBAG

An all-inclusive PAT testing kit – It's got everything you need

The PrimeTest 100 PATBag offers an all-in-one solution to those with a manual PAT testing regime where measured test values are required.

Inside this rugged and lightweight carry bag you'll find everything you need for your PAT testing, from a handheld PrimeTest 100 tester to a PAT testing training DVD with online exam, pass and fail labels and a 110V adaptor.

Each PATBag comprises:

- An easy to use PrimeTest 100 PAT tester which gives measured test values
- PATGuard Elements manual data-entry software
- Rugged and lightweight purpose-made PATBag carry case with compartments for all of your PAT accessories and labels
- A full length PAT Training DVD with online exam and personalised certificate
- A Seaward Guide to Portable Appliance Testing
- A Seaward PAT Business Builder – A CD-rom and booklet resource pack for those running or starting up a PAT service business
- A handy PAT reference look-up card – with recommended test frequencies and limits
- PAT register and test record for keeping a record of results
- 500 pass labels
- 500 fail labels
- A Quick start video guide to your PrimeTest 100 PAT tester
- 110V adaptor

PATGuard Elements

The PrimeTest 100 PATBag can optionally include PATGuard Elements, a manual data-entry software program made for ease and speed of use. PATGuard Elements enables you to maintain a full test history for each appliance you test and has the option to print professional reports and invoices if required.
