

Introducing Microsoft Windows® 8 Support for AQUOS BOARD™ Interactive Displays

We are pleased to officially introduce Microsoft Windows 8 support for all AQUOS BOARD Display products. Now your customers who have adopted Windows 8 can use the platform on their AQUOS BOARDS as well as their PCs.

The upgrade consists of three components to offer maximum compatibility and operability:

| | |
|---|---|
| Sharp Pen Software Version 2.6 (all models) | <ul style="list-style-type: none">• Improves the reliability of the on-screen keyboard pop-up when text is inserted• Improves the operation of the modify menu when an object is selected• Improves the screen alignment when split screen mode is selected |
| Touch Panel Driver Version 2.3 (all models) | Improves the ability for the PC to recognize the AQUOS BOARD when the USB cable is connected. |
| Touch Panel Firmware (separate version for each AQUOS BOARD model) | Increases the size of the on-screen keyboard for better usability. |

Each component listed above can be downloaded from the AQUOS BOARD "software" section of www.SharpUSA.com, www.SharpPC.com and www.Sharp-PDD.com websites. They will also be pre-loaded on new production AQUOS BOARD PCs (model PN-TPC2W7A) manufactured from April onward.*

Please note, each new software version will be backwards compatible with Microsoft Windows 7 and Windows XP.

If you have any questions regarding Windows 8 compatibility for the AQUOS BOARD product line, please contact your Sharp Regional Sales Manager or e-mail Sharp Pro AV Support (ProLCD@SharpUSA.com)

Thank you for your continued support.

Sincerely,

Gary Bailer
Director of Product Planning & Marketing, Pro AV Products
Sharp Imaging & Information Company of America

*PN-TPC2W7A will continue to be supplied with Windows 7 Pro as standard.
