

AVerKey iMicro

PC/Mac-to-TV Converter

Affordable PC/Mac-to-TV conversion at less than \$100. Thanks to the AVerKey iMicro, you can easily project any computer application on to a big screen TV or save it into a VCR. Start a business presentation, create training tapes, display animations, play games or surf the Internet on a big TV screen in seconds.

AVerMedia AVerKey iMicro supports resolutions up to 1280 x 1024 for both PC and Mac. It comes with touch-button control panel, zoom and pan, picture positioning and much more.
