ELMO Wireless Slate / Tablet CRA-1

Teacher's ÷ Choice

## What Makes the ELMO Wireless Tablet Special

Adds Style and Impact to Presentations

Thanks to the ELMO Wireless Tablet with Image Mate Accent Software, teachers can now annotate live images from an ELMO document camera to deliver more detailed instruction and achieve greater student engagement. The ELMO Tablet partners effortlessly with an ELMO document camera for dynamic, smooth-flowing lessons. In addition, applying mask, highlight, and split screen functions to captured images focuses student attention and brings interactive learning into the picture.

Can Be Used from Anywhere in the Room

Because the ELMO Tablet is wireless and can remotely control an ELMO document camera, teachers can move freely around the classroom (within 50 feet of the computer), making it possible to interact with the entire class and individual students.

Teacher Presentations

With ELMO as a partner, teachers can make both moving and still images a visually enticing part of their lessons. Using an ELMO document camera with an ELMO Tablet sets the stage for creative teaching and focused learning by enabling the simultaneous display of visuals that stimulate student curiosity and teacher annotations that make difficult concepts easier to grasp.

Teacher-Student Presentations

When teachers, students, and ELMO team up for a presentation, interactive learning takes off and creativity soars. The ELMO document camera can capture every step of a student science experiment in vivid detail while the entire class looks on, and the teacher guides them through it with annotations and key words written on an ELMO Tablet.

Student Presentations

With ELMO, students can share real-life objects and real-time observations with classmates through self-styled presentations that engage everyone in the classroom. The ELMO document camera makes any student drawing, magazine photo, PowerPoint slide, fossil specimen, or lively beetle the centerpiece of interactive learning, and the ELMO Tablet lets students put their own creative mark on presentations.
Intuitive Operation

Special Pen for Easy Annotation

The ELMO Tablet pen makes writing smooth and easy. Teachers can use the pen to annotate images captured by an ELMO document camera, write on Internet content, or enhance their own digital teaching materials. For added emphasis, adjusting the amount of pressure applied to the pen when writing changes the thickness of the lines.

Simple User Interface

Six shortcut keys ensure easy navigation of the ELMO Tablet, even for first-time users.

Go to Document Camera mode | Go to whiteboard mode | Go to teaching material mode | Go to teaching material creation mode | Go to setting mode screen | Quit Image Mate Accent

Works like a Computer Mouse

The ELMO Tablet pen can function like a mouse to operate all your computer functions.
High-Performance Functions with Image Mate Accent Software

Choice of Backgrounds

To help teachers get their points across, Whiteboard mode offers a choice of six lesson-reinforcing backgrounds—including musical score, horizontal lines, and graph paper.

Tools for Creating Original Teaching Materials

Images saved on a computer can be used to create original teaching materials. And Image Mate Accent software includes 50 stamps—with eye-catching illustrations of everything from people to weather to sports—to help teachers instantly liven up their teaching materials.

User-Friendly Design

Easy Setup

With a simple press of the ON button, the ELMO Tablet is ready to use.

Long Battery Life

A fully charged battery can last up to 16 hours—more than enough for a full day of classes.

Easy Handling

The ELMO Tablet fits securely in hand, making it easy for teachers to hold and to use, whether they are standing still or moving around the classroom.

CRA-1 Specifications

Model name	CRA-1
Operating temperature	0 to 40℃
Reading range	8.0 x 5.0 inches (203.2 x 127.0 mm)
Reading resolution	0.0127 mm
Reading accuracy	0.42 mm
Reading speed	120 rps
Pen pressure level	1,024 levels
Wireless band used	2.4 GHz
Communication range	Approx. 49.2 feet (15 m) (differs depending on usage conditions)
Power supply	Lithium-ion battery
Continuous operation time	Approx. 16 hours (differs depending on usage conditions)
Auto power off time	Approx. 30 minutes
Full charging time	Approx. 4 hours
Consumption current	When using USB 5 V 500 mA
	When using lithium-ion battery 3.7 V 60 mA
Computer model	IBM compatible computer equipped with a standard USB port and CD-ROM drive (Operation is not guaranteed for all computer environments.)
Compatible OS	Windows® 7 (32-bit) / Vista SP1 (32-bit) / XP SP2 (32-bit)
External dimensions (W x D x H)	12 13/32" x 10 1/8" x 29/32" (315 x 257 x 23 mm)
Weight	23.6 oz (670 g) (including Tablet, Pen, Wireless adapter, Dry cell AAA battery, and Lithium-ion battery for tablet)
