Everyday Excellence, Everyday Ease
—ELMO Classroom Solutions—

Picture the Possibilities

Partnering an **ELMO document camera** with an **ELMO projector**, the **ELMO Tablet**, a computer, a large screen, and a microphone sets the stage for creative teaching and focused learning. Teachers can simultaneously give big-screen impact to look-and-learn visuals, annotate images for easy understanding, and orally explain key lesson points—all while moving freely around the classroom and interacting with students. What's more, for easy, centralized control of all this classroom equipment, there's the **ELMO Switcher**.

ELMO's Selection of Couldn't-Be-Easier Classroom Solutions

ELMO Wireless Slate/Tablet

winner! EXCELLENCE

CRA-1
Fully compatible with ELMO document cameras. Image Mate Accent software for annotating live images, using whiteboard mode, creating original teaching materials, and more!

Bringing the Classroom into the 21st Century

Now that students of all ages have their own fast and easy access to a world of information, conventional teacher-to-student lectures delivered from the front of a classroom are far less likely to hold their attention. ELMO classroom solutions bring technology into the classroom—making teaching materials more vivid and understandable, engaging the mind of every student, and turning classrooms into interactive hubs of student-centered, teacher-guided exploring and learning.

❶ Computer*
