Aqua Flex

1470

Ken-A-Vision created the Aqua Flex with classroom underwater labs in mind. With its patented light technology that can see through some turbidity, the Aqua Flex is the ideal addition to any field trip to the nature center or to explore the classroom aquarium.

Additional Features and Benefits

- **Water Proof** Allows the camera to be submerged into water without any damage
- **Illumination** Powered by Ken-A-Vision Technology
- **33' (10 meters) Cable** To explore ponds and lakes when on field trips
- **Optional Accessories** Submersible Extension Rod (for greater stabilization)
 Car Adapter
 Outdoor Nature Trail Battery Pack
 USB Adapter

Aqua Flex SPECIFICATIONS
