

DV11 MovieTime – Home Entertainment System

Your Ultimate Choice

The evolution of home entertainment continues to move forward. The Optoma DV11, the next progression of the award-winning DV10, is a fully digital home theater projector with integrated DVD player. The DV11's slot-in DVD player, enhanced 5-watt speakers and brilliant theater-quality projection turns any space into an instant home theater setting. Easy-to-use features make the Optoma DV11 ideal for a wide range of home entertainment options on a large screen.

Features

- All-in-one instant theater projector with built-in DVD player and speakers
- Slot-in DVD drive plays DVDs, MP3 audio cds, even JPEG files
- Enhanced two 5-watt speakers and ceiling mountable form factor
- Bright 1600 ANSI lumens with 2200:1 contrast ratio
- Native 16:9 with support of 4:3 and LBX formatted DVD videos
- Optimized DVD and projector settings provide true widescreen cinema-quality performance
