

INW-AM325 Large In-Wall Box

The INW-AM325 in-wall box is designed to house either the AM250 or AM3 Universal Swingout Arms.

The INW-AM325 safely supports the mounting arm and comes with multiple knockouts for power and signal. An optional box for external power and signal is included. Use the AM250 for 37"-50" displays or the AM3 for 40"-61" displays. No mount assembly required.

Features

- Recess mount for AM250 and AM3 Swingout Arms
- Cable routing through knockouts
- Drop-in power / signal boxes for easy wiring
- Integrated PEM-Nut hardware
- Frame allows for a finished look
- Integrated electrical cable raceways

Power box and multiple knockouts are available for running power and cables.

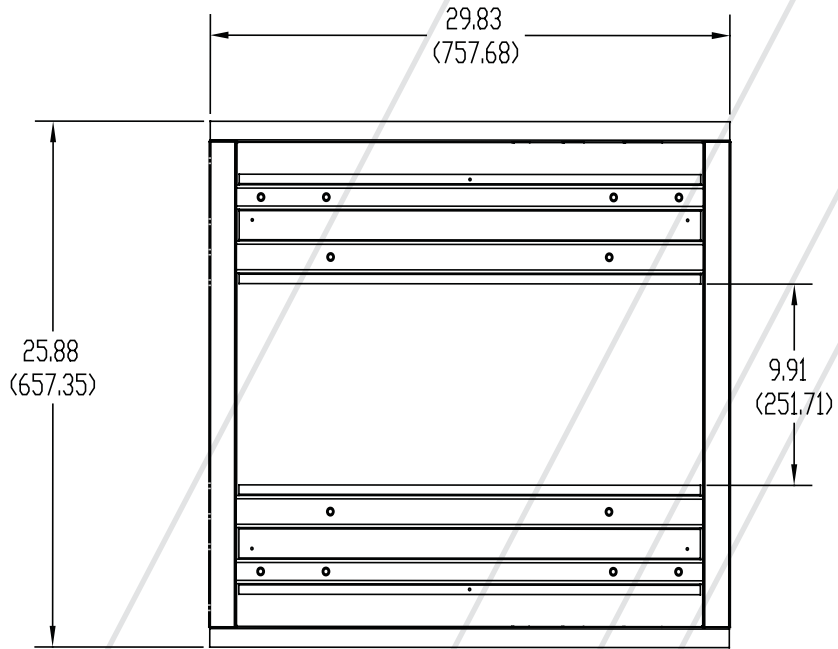

Supports AM250 and AM3 swingout arms. No mount assembly required.

Recess your swingout arm for a finished look
