

## New Universal Mount Series is now more durable and flexible

PRODUCT SPECS

Universal Projector Mount  
Model: PBL-UMS  
Suggested List: \$199.99

Extremely flexible design allows you to position arms around lamp and filter access to maximize lamp life.

### Features:

- Over +/-20° tilt and roll
- 360° rotation
- Ceiling mountable (including vaulted or cathedral ceilings, single studs and solid ceiling surfaces)
- Wall mountable
- Adjustable-height channel extends from 9-12.5" from the ceiling or can be removed for a low-profile mounting depth of 2.5"
- Cables can be routed through channel for a clean look
- Positive locking in any position
- No adapters required

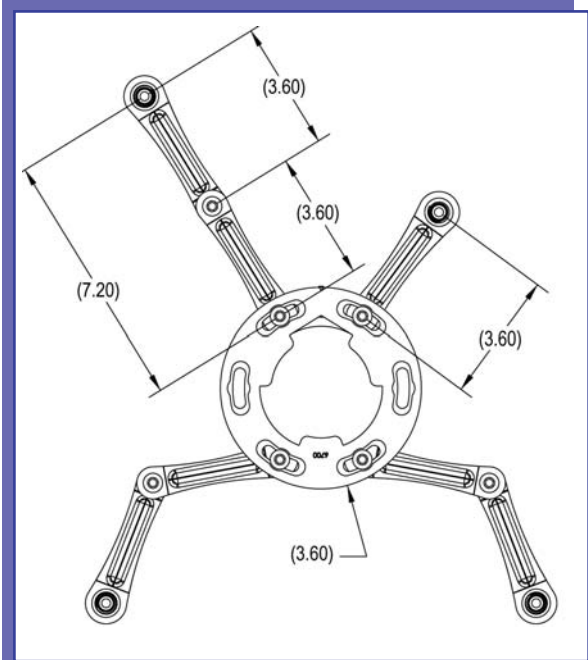

Robust construction allows the universal projector mount to hold almost any angle.

Unique leveling barrels allow you to adapt to any mounting surface for a perfectly level install.

PBL-UMS  
(dimensional drawing)

Remove the adjustable channel for a low-profile mount standing under 3" from the ceiling.

PBL-UMS comes with four double-jointed arms for extreme versatility in mounting to any projector.
