Metric

| | |
|--------------------------------------|--|
| Internal Diameter (in) | 0.25 |
| End One Coupler | 3/8" NPTF |
| End Two Coupler | C604 |
| Oil Capacity (in ³) | 1.77 |
| Hose Oil Capacity (in ³) | When using long hose lengths, it is sometimes necessary to fill the pump reservoir after filling the hoses. To determine the hose oil capacity, use the following for .25" internal diameter hoses: Capacity (in3) = .5892 x Length (ft) |
| Length (ft) | 3 |
