

## Specifications

Units: **Imperial** Metric

|                                       |  |
|---------------------------------------|--|
| Maximum Operating Pressure (psi)      | 10,000                                   |
| For Use With Torque Wrenches          | For use with all Enerpac torque wrenches |
| Reservoir Capacity (in <sup>3</sup> ) | 231                                      |
| Reservoir Capacity (gal)              | 1  |
| Usable Oil Capacity (gal)             | 1  |
| Motor Hertz                           | 50/60 Hz                                 |
| Motor Phases                          | 1 Ph                                     |
| Motor Voltage                         | 115 V                                    |
| Valve Operation                       | Solenoid                                 |
| Valve Type                            | 4-way, 2-position                        |
| Power Source                          | Electric                                 |
| Motor Electrical Specification        | 115 V, 1 Ph, 50/60 Hz                    |
| Sound Level (dBa)                     | 82 - 85                                  |
| Weight (lbs)                          | 68                                       |
