1   Quick start guide

1. Place the battery inside the provided carrying bag inside one of the pockets. Attach the power cable to the battery.
2. Carefully plug the power cable into the camera - make sure the red orientation marks are aligned. The camera starts automatically when power is connected. The LED on the side should turn red.
3. To turn off the camera, simply detach the power by carefully disconnecting the plug.

For more information, see the FLIR Si124 User's manual.

2   Screen elements

1. Zoom
2. Multi-source
3. Brightness
4. Settings
5. Browse
