FSR Works For You

FLOOR BOXES

Bringing Elegant Cable Access To Your Infrastructure.

A unique variety of boxes to handle stage, raised access, poured concrete or retro-fit flooring applications. FSR matches the décor of your installation with solid construction, beautiful carpet rims, flanges, and available accessories.

Our Fire-Resistant floor solutions expand the versatility of our floor box line by providing enhanced, fire-resistant versions of our existing products. Our FRK kits are UL listed and comply with UL 263 Fire Resistance Ratings.

WALLBOXES

Protect and Secure your Infrastructure Connections

Indoor and outdoor wall boxes protect your wall plates, panels and connections elegantly and securely.

FSR's International series wall plates easily adapt any country's specific 45mm snap in power outlet to fit into any US "Gang" sized opening such as those found in our complete line of Floor boxes, Wall boxes and other products.

Both 1-GANG and 2-GANG versions include a mounting plate with 45mm opening(s), rear retaining plate and are available with or without a Wonpro outlet(s). The connectors snap into the provided plate without any hardware and are designed for ease of installation and a secure fit.

TABLE CONNECTIVITY

A wide variety of table boxes that are unique and upscale, meeting the aesthetic demands of today's consultants, architects and clients. Brass, black, aluminum and nickel finishes, a variety of sizes, shapes, and accessories are available from stock.

The Harmony Collection

The Harmony Collection of table boxes provide a powerful and affordable solution for any installation. The versatile connector cavities are 100% configurable and allow for both high and low voltage.

Whether you select a round or square cover, the mounting is always a 6" diameter round hole. The Harmony Collection is available in black, white, or a silver matte finish.

The Unity Collection

The Unity Collection of table boxes provide the ultimate connectivity and functionality. Designed with hideaway doors for ease of access to the insert brackets and cable retractors makes connectivity effortless.

Internal Brackets

The various internal brackets available are designed to contain AC, USB Chargers, Cable Pulls, Cable Retractors, Snap-In Keystone Connectors, or IPS Solutions. Our T6 Table Box insert brackets and Cable Retractors are available for our new CT6 Table Box Series.

Pick from the T6-LB-UN, T6-LB-4SS, T6-LB-5SS and T6-HLB brackets.

SMART-WAY RACEWAY SYSTEMS

The Smart-Way raceway is a floor and wall-based power and data distribution system designed to fit today's working environments. Our raceway system is simple to configure, ADA-Compliant, and adds architectural appeal to any space. Redefine how you manage your cables in any space with FSR's raceway, fittings, in-feeds, and device box options. The Smart-Way is intended for offices, conference rooms, collaborative work environments, classrooms, or anywhere wire management is desired.

Smart-Way device boxes offer the versatility of installing a 45mm universal socket in the housing. We offer three different international device box options that can be used with our dual or single 45mm device plate.

HDBaseT™ EXTENDERS

70 meter

HD-H704K-WP
HDBaseT 70m extender set - Compressed 4K-60 4:4:4,
IR & RS-232 18v PoE

FSR is now stocking **West Penn HDBaseT Certified Category 6A Plenum Cable Assemblies** in pre-terminated lengths from 50' to 330' (15 meter to 100 Meter). These are plenum rated cables that come in specific lengths with the shielded connectors already attached and will work with all of our FSR HDBaseT™ Products.

100 meter

HD-HSC-SP-Rx — 100 Meter HDBaseT 1.0 Class A
5-Play Scaler Receiver

HD-H1504K-SP — 18Gbps HDMI extender set that
allows HDMI, RS-232, and bi-directional IR signals to
be extended to a distance up to 492ft / 150 meters
between the transmitter and receiver via a single CAT
cable

CABLE MANAGEMENT SOLUTIONS

Under-Table Channel

The Under-Table Channel provides a solution for dressing cables horizontally along the table underside. Its unique shape and rubber like edge allows cables to enter and exit the channel at any point along its length.

Under-Table Rack

Under-Table Rack shelving mounts multiple pieces of AV, Digital, or Data equipment to the underside of tables with easy access..

Block and Slide

The Block and Slide provide a simple, economical and elegant way to rout cabling from the underside of your work surface to the floor. Both models feature easy installation and add an aesthetically appealing appearance under any workspace. Manage your cables in-style with the Block and Slide.

NEXT GENERATION DIGITAL RIBBON CABLES

The Next Generation Digital Ribbon Cables utilize a proprietary technology to allow high speed and high definition HDMI® signal transmission over distances of up to 328 ft. The cable is fitted with a discreet black jacket that allows the cable to seamlessly blend in after installation. These Next Generation cables are Plenum Rated and offered in 4K, 8K, and USB Type-C options. Giving you protection and high quality packaged together.

INTELLIGENT PLATE SOLUTIONS

The IPS family of interconnect solutions offers a comprehensive selection of accessories, available in white or black. Simply select a plate that fits your application and available space. Then select your internal connector plate. IPS Plates come with a lifetime warranty. We offer FREE standard labeling. Visit our web site and drag and drop your solutions with IPS Designer.

All FSR Table, Floor, Wall and Ceiling Box CAD drawings are available on our website. For assistance in selecting the proper box to hold your power, data voice, video, etc., please call us at 1-800-332-FSR1 (3771).
