**Floor Boxes**

**Table & Wall Boxes**

Now you can remove the unsightly equipment boxes hanging off projector poles and mount them in this architecturally-designed ceiling enclosure. Many styles, various price ranges, and "smart and Green" modules make these boxes perfect for ceilings and walls.

**Fire-Resistant Boxes**

Our Fire-Resistant Box solutions expand the versatility of our floor box by providing enhanced, fire-resistant versions of our existing products. Our Fire-Rated Box solutions comply with UL 263 Fire-Rating Ratings.

Intelli-Tools

A full selection of multi-purpose utility modules to fit virtually any design application. These high quality devices can be controlled via contact closure or serial input. A great addition to any AV designers or contractors tool box.

Room Combining & Control

- IT-MM MIC
- IT-AS5 AUDIO AMP MODULES

HuddleVU Collaboration Systems

From a single computer, to a full classroom or multi-media boardroom, FSR will distribute and process with cost-effective quality.

Collaboration, Interactive Learning or Huddle Station! Whatever name you give it, students, doctors, or business professionals gather to work together on projects, perform research and review completed works. HuddleVU is the perfect solution.

HuddleVU offers several different systems to meet your requirements, and provides workspace and connections for up to 7 students or faculty members. These are AC or USB power connectors and color coded HDMI cables for each user. Simply plug in and push the color coded button and the user’s notebook or laptop has control of the screen. Systems are also available for 2 or 4 screens using the TB-Touch touch screen control system.

HuddleVU Furniture

Check out our new line of Collaborative Tables.

You can install it in your table, go to your favorite furniture manufacturer, or order a table from FSR. We stock several tables for a quick delivery, but you can also select any color table from the Wilson Art laminate collection.

FSR will distribute and process with cost-effective quality.

The FLEX-IO16 I/O Expansion Unit is a new addition to FSR’s Multi-Tool line. It is a device that can provide 16 Ground Closure Inputs and 16 Lamp Outputs as well as IP-232 & IP Communication to expand the control capabilities of FSR’s FLEX Controllers as well as interfacing with any 3rd party control system.

The FLEX-77 Universal Room Combining System is perfect for up to 8 rooms! This system is perfect for up to 4 rooms. When combining systems, use only one type of system for simplicity.
