8" Fire-Rated Poke-Thru

### DESCRIPTION

FSR's new Fire-Rated "Poke-Thru" floor boxes provide capacity, aesthetics and installation ease. These sturdy core hole products combine flexibility via recessed mounting bracketry to accommodate a wide assortment of power, data and audio video connection options.

Covers are available in three architectural finishes: Brushed Aluminum, Black and Brushed Brass, providing an attractive appearance with superior durability. The entire cover door swings open 180° and the two smaller cable access doors fold down for cable egress while the cover door is secure. The cover technology exceeds UL scrub water testing requirements.

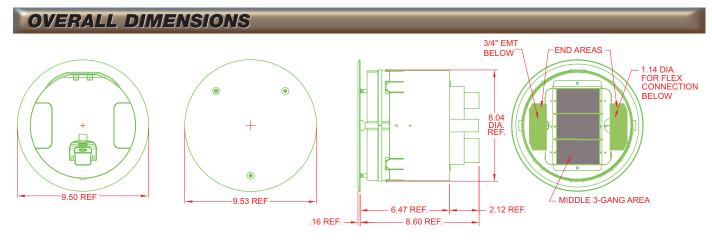

A complete line of sub-plates for device mounting is available to populate the interior middle and end areas of the housing.

## **SPECIFICATIONS**

- 2-hour fire rating
- 180° access door opening
