# T3-IPS

IPS-AC110

Accessory to T3-IPS plates

This symbol indicates the device is **Retractor Ready** and accepts the number of retractors shown in the circle.

Whatever the cabling scenario may be, the T3-IPS table boxes have it covered. The box interior is ready to accept the appropriate combination of FSR's IPS connector plates with two IPS spaces provided. Brackets with cable pull openings are provided for; a single cable (HDMI or Display Port), 1 HD-15 (VGA) cable with 1/8" audio cable or two HDMI or Display Port cables to be stored safely under the cover and easily deployed when needed.

One or two pushbutton LED options can be ordered and used to operate and provide status from control systems as required. 6' Color coded leads are preinstalled, ready to wire.

Customizing also extends to the cover style and finish with round or square cover choice along with aluminum, black or brass finishes. See LIT 1497 for detailed retractor options.

TB Series Table Boxes

NEW

The new **TB-BOSE** and **TB-BOSE-IPS** table boxes are tilt top style table boxes designed specifically to contain a Bose™ FreeSpace 3 Surface-Mount Satellite Cube Speaker, the TB-BOSE has space for the speaker only. The TB-BOSE-IPS has space for the speaker and up to four (4) IPS (Intelligent Plate Solutions) insert plates.

Speaker provided by customer.

The **TB-IPS** is a tilt top style box that can be easily custom configured for any job. The unit has openings for up to (8) single IPS insert plates or a variety of multiple plate arrangements.

HuddleVU Collaboration Systems

NEW

Collaboration, Interactive Learning or Huddle Stations! Whatever name you give it, students, doctors, or business professionals gather to work together on projects, perform research and review completed works. HuddleVU is the perfect solution.

HuddleVU offers several different systems to meet your requirements, and provides work-space and connections for up to 7 students or faculty members. There are AC and USB power connections and color coded HDMI cables for each user. Simply plug in and push the color coded button and the user's notebook or tablet has control of the screen. Systems are also available for 2 or 4 screens using the T6-Flex touch screen control system.

Check out our new line of Collaborative Tables

You can install it in your table, go to your favorite furniture manufacturer, or order a table from FSR. We stock several tables for a quick delivery, but you can also select any color table from the Wilson Art laminates.

Ceiling Boxes & Wall Enclosures

Now you can remove the unsightly equipment boxes hanging off projector poles and mount them in this architecturally-designed ceiling enclosure. Many styles, various price ranges, and "Smart & Green" modules make these boxes perfect for classrooms, boardrooms, meeting rooms and public spaces. These are your equipment racks for ceilings and walls.

CB-224

Flat Screen Wall Boxes

Our highest capacity model the PWB-250 mounts stud to stud, and has a universal single gang punchout for an electrical box or class 2 low voltage box to be mounted without additional hardware.

The PWB-353 Wall Box has an open face design with a white interior and white extended trim ring, rather than a closed cover. This model facilitates quick access to cables and connectors without cover removal. There are multiple knockouts for power and openings for up to 6 single IPS connector plates. At 3" deep, it is designed for use in 3" or 4" stud walls. The extended trim ring provides a clean appearance while covering rough cuts in the drywall created during installation.

T3 Table Boxes

The Perfect Table Boxes for One or Two Users

T3-PC1, T3-PC1D, T3-PC1-CP
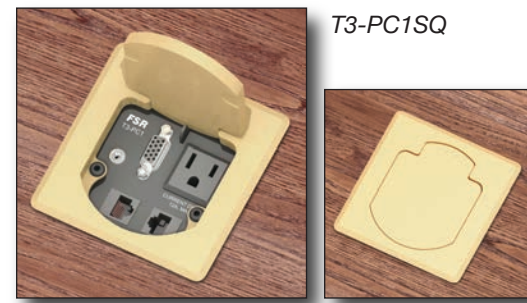

T3-PC1SQ

T3-PC1D-CP

T3-PC1D-CP
Shown with round cover in brass.

T3-PC1D-CP

T3-PC1D-CP-SQ

The T3-PC1 can be installed in tables ¾" to 2½" thick. They are shipped with 3" installation screws and the components listed below.

US Patent US D553,306 S

The T3-PC1 series are perfect table boxes for single users, where convenient access to network drops, ac power sources and video/audio displays is required. The small footprint provides an unobtrusive complement to any décor.

The T3-PC1 allows the user to connect their Laptop or PC to an external video display and house sound system as well as "link up" with network and phone lines. The T3-PC1D has an HDMI pass through in place of the RJ-11 jack.

The T3-PC1-CP allows the user to connect their Laptop or PC to AC power and an external video display and house sound system as well as "link up" with network and phone lines.

The keystone areas can be populated with a variety of connectors including network, telephone, RCA or mini stereo audio, push buttons and much more to suit unlimited applications. Alternate style snap in keystone connectors and blanks are available separately for either model.

These stylish table boxes fit a 3½" round opening and are easily installed using a standard hole saw.

Round and square covers are available in black, brass or aluminum to blend with the decor.

The T3-PC1 includes:
· 1 AC Power outlet (pre-mounted)
· 1 HD15 Computer Video Female Connector
· 1 Stereo mini jack with 3-pin screw terminal plug
· 1 RJ-45 pass through keystone connector (pre-mounted)
· 1 RJ-11 pass through keystone connector (pre-mounted)
· 1 RJ-45 pass through keystone connector
· 1 Keystone Blank
· 1 Pre-wired Power cord with plug

The T3-PC1D includes:
· 1 AC Power outlet (pre-mounted)
· 1 HD15 Computer Video Female Connector
· 1 Stereo mini jack with 3-pin screw terminal plug
· 1 RJ-45 pass through keystone connector (pre-mounted)
· 1 HDMI pass through keystone connector (pre-mounted)
· 1 Pre-wired Power cord with plug

The T3-PC1-CP includes:
· 1 AC Power outlet with 9' Cord and plug
· 1 HD15 male to HD15 male Computer Video cable 5'
· 1 Stereo mini jack male to Stereo mini jack male cable 5'
· 2 RJ-45 to RJ-45 CAT-5e (EIA/TIA568B) cables 9'

T3-DV2S

The T3-DV2S is HD ready with a bulkhead mounted HDMI connector and two keystone openings for network connectivity, FSR's snap-in USB charger and many other FSR Simple Solutions snap-in connectors. Two blanks are included with all models. For convenience, an integral AC outlet with cord is ready to power a laptop or mobile device.

One or two pushbutton LED options can be ordered and used to operate and provide status from control systems as required. The output is easily wired using the captive screw terminals on the underside of the unit.

Round or square cover choice, along with aluminum, black or brass finishes are offered.

T3-AC2, T3-AC2-CP

T3-PC1SQ

US Patent US D553,306 S

T3-AC2-CP
Shown with round cover in black.

The T3-AC2 primarily allows quick, convenient access to AC power and network access for up to two computers or laptops.

The keystone areas can be populated with a variety of connectors including network, telephone, RCA or mini stereo audio, push buttons and much more to suit unlimited applications. Alternate style snap in keystone connectors and blanks are available separately.

These stylish table boxes fit a 3½" round opening and are easily installed using a standard hole saw.

Round and square covers are available in black, brass or aluminum to blend with the decor. The small footprint provides an unobtrusive complement to any décor. The T3-AC2 can be installed in tables ¾" to 2½" thick. They are shipped with 3" installation screws and the components listed below.

The T3-AC2 includes:
· 2 AC Power outlets (pre-mounted) with 9' integral 14 GA SJT power cord
· The T3-AC2HW hardwired versions do not include a power cord. Short leads and wire nuts are provided for direct AC connection.
· 2 RJ-45 pass through connector (pre-mounted)

The T3-AC2-CP includes:
· 2 AC Power outlets with 9' Cord and plug
· 2 RJ-45 to RJ-45 CAT-5e cables (EIA/TIA568B) cables 9'

All cables are pre-installed and tested at the factory. Cable lengths are measured while cables are fully extended.
