PREMIER MOUNTS

Universal Fine-Tune Projector Mount

Model: **FTP**	Weight Capacity: 65 lb / 29.5 kg.

Features

1 Innovative patent pending mechanism enables smooth finger-tip alignment

2 Mounts to pipe or ceiling structures with the included quick installation tool

3 Post-installation leveling barrels assure alignment even after the projector is mounted

• Four universal mounting legs (four long pre-installed, two short)

• Lock-It™ security hardware and leveling barrel provide strong protection

• UL Listed

The FTP Universal Fine-Tune Projector Mount is a universal mount with a slide release and precision adjustments to save time during installation and service calls. The FTP's enhanced fine-tune features allow the installer to adjust pitch, roll and yaw independently and without tools. After aligning the projectors image to the final projection settings, the FTP can be locked in position with a single thumb screw.

Enhanced fine-tune features allow for tool-free pitch, roll, and yaw adjustments

Universal mounting legs (four long, two short)

FTP installation disc allows rapid installation to a 1.5" NPT
