Model MR45

## Welcome to the Recovery Revolution

The Fieldpiece MR45 has onboard system monitoring that adjusts motor performance to handle liquid and run twice as fast on vapor. MR45 also steps up low voltage at the power plug to deliver full power to the motor where high voltage drop is a problem. With a powerful 1HP motor and super-sized condenser, this machine excels on longer and hotter jobs. The easy-to-read display, lightweight (22lbs), straight hose connection ports, and single dial make this machine user-friendly while being tough enough for everyday use, even in the rain.

- Extra large condenser
- Easy access ports
- Long life and low friction with ceramic cylinders
- Dual cylinder compressor
- Easy hose connections and built in power cord storage
- Large backlit display with status messages
