Spectrum's Flex Training Table System is the best value in modular table systems. These durable, all-purpose collaborative/training tables are designed for use in a wide variety of applications such as training/conference rooms, mailrooms, classrooms, and computer labs. With the wide variety of available table shapes and sizes, layout possibilities are endless.

Features and Benefits

- Available in a wide variety of sizes and depths
- Durable powder coated steel legs
- Scratch and impact-resistant 1 $\frac{1}{8}$ " high-pressure laminate worksurface
- Durable 3mm black edge band protects worksurface edges
- Worksurface brace incorporated into all tables to minimize flexing
- Leveling glides keep desk level on uneven surfaces
- Mobile versions with two or four casters make it a breeze to rearrange rooms
- Unit-to-unit brackets included to attach tables together if necessary (set of two included with each table)
- Wide variety of standard color combinations available to match existing desks
- Optional cord channel manages cables and wires when tables are used with laptops
- Optional modesty panel can be used with or without cord channel
- Warranted to be free of all defects in materials and workmanship with a 10-year warranty

Standard color combination refers to the quickest deliverable product color combination. Custom laminates and color combinations are available-additional lead-times and up-charges may apply. Call 1-800-235-1262 for further information.

Construction

- The worksurface is constructed from 1/16" thick NAUF (no added urea formaldehyde) composite board with .030 high-pressure laminate on one face, and a balancing phenolic backer on the opposing face
- Worksurface edges are covered with 3mm vinyl
- The welded legs are 16-gauge, 2" and 3/4" rectangular steel tubing with reinforcing 7-gauge steel plate
- The formed worksurface brace is 14-gauge steel
- The optional cord channel and modesty panel are 20-gauge steel
- All metal components are finished with a scratch-resistant powder coat epoxy
- All tables are shipped knocked-down (KD) and require assembly

Note: Minimum ADA guidelines for knee clearances are 30"W x 19"D x 27"H.

Warranty is void if product is not used for its intended purpose or subjected to an unusual application, multiple-shift use, alteration, accident, abuse or abnormal wear and tear. Representations of colors on-line and in printed materials are meant to be a close reference to the actual colors but not an exact match. Slight variations in color and texture of wood stains, powder coating, laminates, fabrics and other materials are normal in different manufacturing lots; as such these variations are not considered defects.

DESIGNED FOR INDOOR USE ONLY – Unless specifically stated in the product specifications, Spectrum's products have been designed and constructed for indoor use only. Moving or using outdoors, or on excessively rough surfaces, may cause damage to the products and will void the warranty. If an outdoor application is desired please contact us to discuss potential custom design solutions.

The warranty, as stated above, supersedes any previous warranties and is effective as of 9/1/2010
