

Compact Natural Gas Detect

(NGD100)

Features:

Detects:

- Natural gas
 - Compressed natural gas (CNG)
 - Methane
 - Propane
 - Butane
 - Liquid natural gas (LNG)
 - Liquid petroleum gas (LPG)
-
- Audible & visual alerts
 - Lightweight & pocket sized
 - Highly sensitive to combustible gas
 - Locates leaks in pipes, valves & fittings
 - Red alarm lights and buzzer sounds when gas is detected

Specifications:

- Sensor: solid state
- Dimensions: 6.25" x 1.385" x 0.75"
- 5000ppm (0.5%) methane in air (approx. 2000ppm Propane)
- Power source: 2 "AA" batteries (not included)
- Weight: 3 oz.
