

Floor Partition / MPXXXX

Product Specifications

Materials:

- Panel Surface: Clear acrylic, frosted acrylic, PET acoustic board, tackable vinyl, high pressure laminate, tackable fabric, natural cork, and porcelain whiteboard.
- Frame Finish: Satin anodized aluminum, matte black powder coat, or glossy white powder coat.
- Angular Feet: Tempered steel with corresponding matte powder coat finishes.
- Glides: Adhesive hard plastic glides are attached.

Features:

- Streamlined design allows individual panels to be easily rearranged, upgraded, or replaced.
- Angular feet allow partitions to be arranged in a multitude of combinations.
- Glides come standard on every unit and allow easy reconfiguration.
- Standard angle connectors allow multiple panels to be secured together at angles.
- <PARA >All materials can be cleaned without degrading surface quality. For more information see the cleaning instructions table.
- (Optional) Accessory connection kits increase the number of secure arrangements. See listed example layouts.
- <PARA >Warranty: 10 Years

Notes:

- Ships disassembled, can be assembled in ten minutes with a single tool (Provided).
