STRIVING TO GIVE YOU **EXACTLY WHAT YOU WANT**

We're a family of companies with a single mission – delivering products and experiences that leave our customers with a feeling of “That’s Exactly What I Wanted!”

GMi Companies (Ghent, Waddell, and VividBoard) is headquartered in Lebanon, OH and proudly manufactures in the USA. Below are just a few of the ways we strive to go above and beyond for our customers. You can learn more about VividBoard on page 64 and Waddell on page 66.

MADE IN THE USA

With over 95% of GMi products manufactured in the USA, you can have confidence in the quality, reliability, and availability every time. Custom options are always available.

DROP-SHIP EXPERTS

We've been drop-shipping directly to end-users and dealers for over 30 years. Whether it's one item or a truck load, we make it easy.

CUSTOMIZATION STANDARD

Each order is produced on demand, just in time. That means we can customize products to your specifications.

ARRIVES AS EXPECTED

We are proud to claim the lowest freight damage in the industry, and we ship on time. Bottom line – we deliver on our promises, period.

QUALITY REPUTATION

We take quality seriously at GMi Companies. Many Ghent products are warranted for 50 years. We stand behind our products.

EASY TO DO BUSINESS WITH

Our goal is to make your life easier and hassle-free. From product information and quotes, to project management and easy invoicing, we are here for you.

STROLL

Mobile Glassboards

Mobilize Your Thoughts.

Mobile – powder-coated aluminum frame with built-in recessed handle makes it easy to move the glass mobile from tile to carpet.

Clutter-Free – recessed pocket keeps writing accessories within arms reach without taking up valuable writing space.

Configurable – choose from 13 glass colors and six optional fabric panels, as well as magnetic or non-magnetic writing surfaces.

Stylized – the modern aesthetic of a glassboard combined with a sleek frame blends with any interior.

Personal – brand your space with logos or add other graphical elements to your glassboard, making it one-of-a-kind.

Split panel Stroll with White glass and Highsea fabric next to full panel Stroll with Marigold glass.

Collaboration in Motion.

Brainstorm on-the-go with our new mobile glass offering, Stroll. Our latest addition is designed to brighten your space with 13 glass color options and six optional fabric panels. The powder-coated aluminum frame is sturdy, lightweight, and the addition of heavy-duty casters give Stroll the flexibility to move from carpet to tile with little effort. A recessed pocket acts as a handle that also ensures your markers and eraser are accessible. Use the glass mobile alone, or line up multiple units to divide an open office, making it easy to collaborate in motion.

A R I A

Low Profile Glassboards

The Most Secure Glassboard On The Market.

Most Secure – heavy-duty hanging system gives confidence the board will never bow, strain, or move from the wall, creating a safe user experience.

Low Profile – 1/4" tempered glass floats only 1/2" from the wall surface, giving the illusion of floating glass.

Integrated – no exposed hardware and a clutter-free marker solution creates a clean and frameless writing surface.

Limitless – design your space by choosing the vertical or horizontal orientation, singular, or as a glass wall.

Quality – non-porous glass surface works with standard dry erase markers and will not ghost or stain – guaranteed.

Bold - 13 color variations: seven bold, six neutral.

4' x 8' Aria low profile glassboard shown in Marigold.

A Striking Composition Of Function Meeting Elegance.

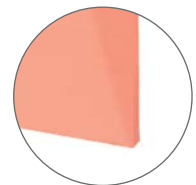

Aria low profile glassboards achieve the look of weightless, floating glass, creating a feeling of opulence from every angle. No visible hardware or standoffs allow the beauty of the glass to complement any décor. Our team of engineers developed a heavy-duty hanging system that promotes security and confidence that your board will never bow, strain, or move from the wall. With multiple orientation options, Aria can be used as a single board for personal offices and conference rooms, or designed as a glass wall, optimizing brainstorming and collaboration spaces.

HARMONY

Glassboards with Standoffs

Harmonize Your Thoughts.

Distinctive – with round or square corners and minimal exposed hardware, the frameless board sits one 1/4" from the wall.

Quality – 1/4" thick, non-porous glass surface will not ghost or stain and works with standard dry erase markers.

Bold – 13 color variations: seven bold, six neutral; also available in a traditional frosted finish.

Limitless – design your space by choosing to hang your board horizontally or vertically, magnetic, or non-magnetic.

Integrated – clear acrylic rear-mounted accessory holder allows for a clutter-free writing surface.

4' x 6' Harmony glass shown in Denim.

Brighten Your Brainstorm.

Harmonizing your thoughts has never looked so good. With 13 colors and 7 sizes to choose from, Harmony is a versatile and gorgeous way to brainstorm. Taking today's latest color trends and interior fashions into consideration, we've created the perfect palette of dry erase boards to choose from. Change the way you think about a whiteboard.

LINK

Premium Powder Coated Whiteboards

Collaborate Beautifully with LINK.

Artwork – designed to be functional and beautiful, LINK creates a remarkable focal point in any space.

Ergonomic – intentionally designed with a five degree angle off the wall, LINK Board and Wedge are designed to make writing easier.

Premium Surface – featuring a premium dry erase powder coat on a beautifully formed steel surface for an incredible user experience.

Multi-functional – a magnetic dry erase surface, doubling as a place to post ideas and inspiration.

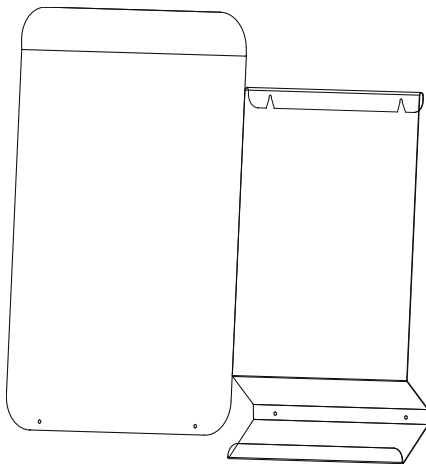

LINK Wedge (left) and LINK Hex (right).

LINK Board, shown in various base and face colors.

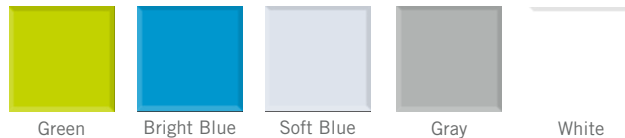

LINK BOARD

Personal spaces need personality. LINK Board was designed to add color, productivity, and mobility to modern work spaces. The removable board can be easily transported for use in group settings, while the base remains in place as an additional writing surface. LINK Board is available in three face and two base colors. Custom colors also available.

Each LINK Hex comes with one magnetic marker, one microfiber cloth (optional).

Product is shipped with an easy "How-To" installation guide that can also be found by visiting ghent.com/hex.

R O A M

Mobile Whiteboards

Roaming in Concert with You.

Functional – designed to be a simple product that embodies form and function.

Compact – the compact nesting feature allows multiple products to be used and stored in one footprint, maximizing space.

Mobile – heavy-duty casters allow for ease of use across multiple flooring surfaces, roaming easily throughout collaboration sessions.

All-in-one – the double-sided, edge-to-edge writing surface and accessory tray, allow multiple ideas to be shared in one common place.

Stability – Roam's low center of gravity creates stability for a steady writing surface and allows for ease of use when rolling to and from locations.

Why Stand Still When You Can Roam?

You shouldn't have to stand still to collaborate... Roam, a mobile whiteboard, allows for on-the-go collaboration. Designed to be simple and clean, Roam is a prime example of form meeting function. Line up multiple Roam whiteboards to create a larger dry erase surface for use during presentations, or move them around the room for breakout sessions. When at rest, the unique nesting feature allows multiple units to fit within a single footprint, maximizing your valuable space. You shouldn't have to be stationary during collaboration and brainstorming. Go ahead... Roam.

- Double-sided mobile whiteboard with edge-to-edge writing surface
- 42" H x 36" W writing surface constructed of non-ghosting, high pressure laminate
- Satin aluminum double-sided tray and legs complement any décor
- Constructed with 2.5" heavy-duty casters that allow for ease of use throughout any flooring surface
- Compact nesting allows for multiple units to fit within the same footprint
- Low center of gravity creates stability in use and while roaming
- Optimal for seated or standing positions
- Lightweight unit improves mobility; overall dimensions are 69" H x 36" W
- Backed by Ghent's 10-year warranty

RM36SAWHN	Roam Mobile, 69" H x 36" W Satin Aluminum base, whiteboard

Each Roam includes four markers and one eraser.

NEXUS

Mobile Collaboration Furniture

Promote Freer Thinking.

Collaborative – create a culture that supports collaboration, allowing you to share and build knowledge while empowering individuals within the small group dynamic.

Mobile – organizations can put a whiteboard at their employees' fingertips virtually anywhere they choose to work. It moves where you move. It works where you work.

Intuitive – the Nexus family of products interact with each other, contributing to open discussions and communications in a team environment.

Modern design for the modern office – designed to work in open office spaces where there are no fixed walls for traditional whiteboards, but people still need to collaborate.

Flexible – mobile double-sided magnetic whiteboards allow the user to configure their work space as needed without a permanent structure.

Focus the Conversation

“You cannot really appreciate the power and magic of Nexus until you use it. It’s not just one thing; it’s everything about it. The two distinct surface areas help separate

ideas or discussion topics, whether it be strategic and tactical, or visuals and task lists. I call the tablet my ‘laptop’ — I can sit down with a client and collaborate or share a concept together, then hang it up and use it as a reference when we work on the adjoining big board. All I can say is that this system just flat-out invites collaboration and engagement like no traditional whiteboard or flip chart ever could.”

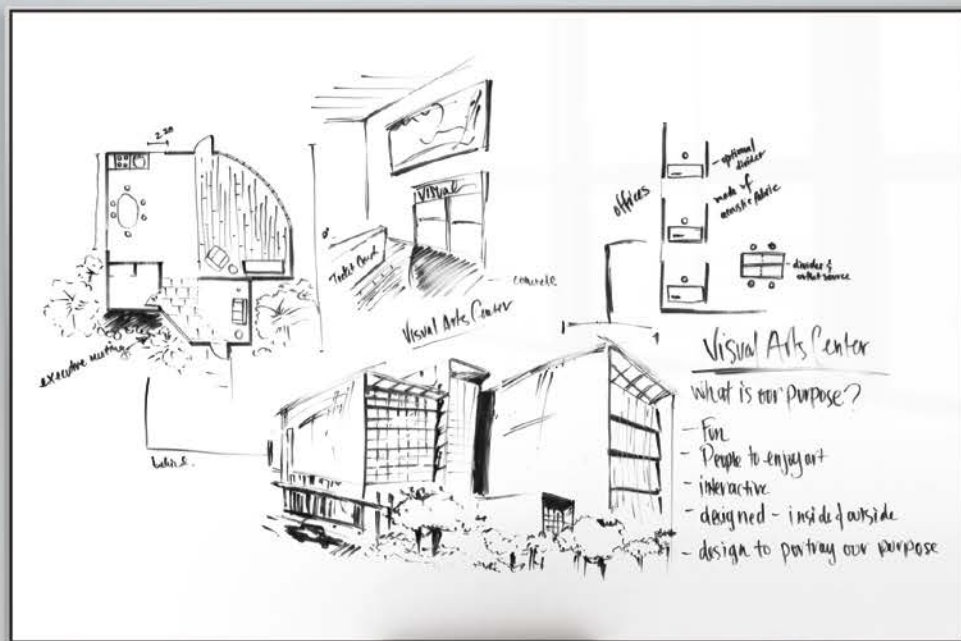

– Paul Heagen, Founder & Executive Coach

Next Generation Whiteboard

Keep it Simple.

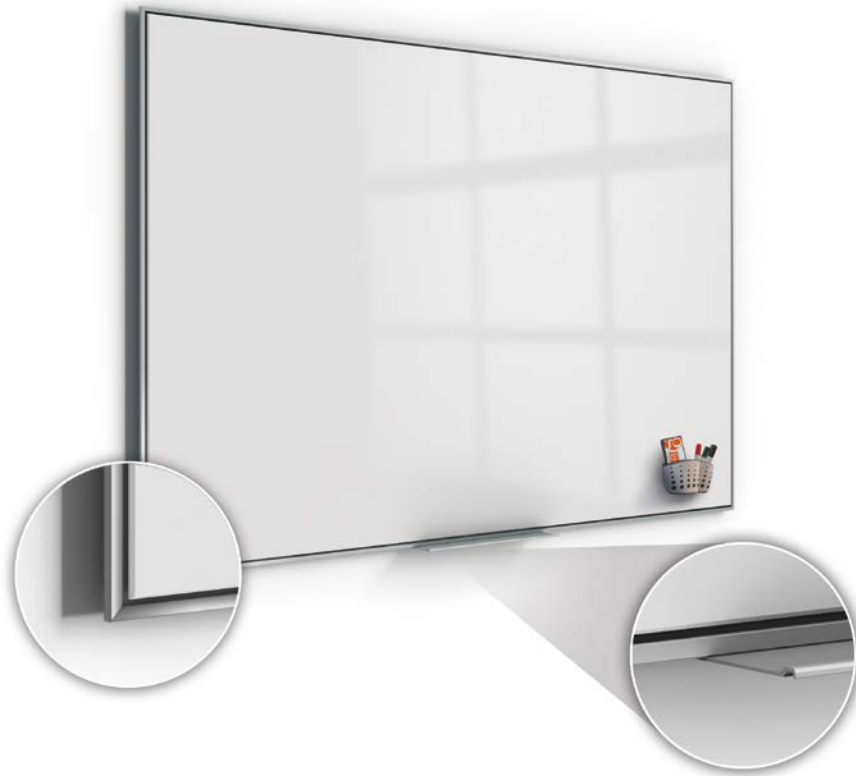

Elegant – designed to coexist in the world of future systems and communication tools, the clean lines of Simplicity de-emphasize the impact of the frame, giving the board a virtually frameless feel.

Innovative – by incorporating a material never before used in a commercial whiteboard, Simplicity becomes a one-of-a-kind communication tool.

Durable – the patented Acrylite® surface has twice the scratch resistance of glass, but only half the weight. This means a more dependable board that is easier to handle.

Mountable – our invisible mounting system uses a z-bar hanging bracket to ensure a level hang with minimal work.

4' x 6' Simplicity whiteboard.

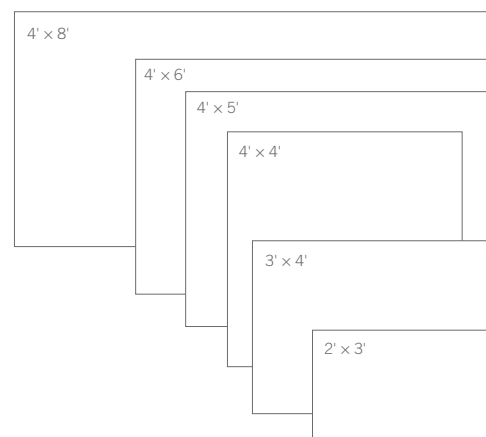

Let Your Ideas Float Freely.

Simplicity was designed to take the busyness out of your whiteboard. With big, bulky frames and obstructed views, traditional whiteboards aren't designed for modern spaces. Enter Simplicity. The seamless lines and shadow-reveal are intentionally crafted to make the ordinary, extraordinary. Couple these features with a next-generation Acrylite® (guaranteed to not ghost or stain for 50 years) writing surface, and Simplicity becomes a one-of-a-kind communication tool.

- Available in square or round corners, magnetic, or non-magnetic writing surface
- 1" satin aluminum square or round standoffs that correspond with the shape of the board
- Backed by Ghent's 50-year warranty; guaranteed not to ghost, stain, or scratch
- Choose from 13 standard colors; custom colors, graphic, and logo printing available

WHITEBOARDS

Communicate. Collaborate. Learn.

“ Collaboration starts with an idea, a dream

People need to communicate, collaborate, and learn whether they're in schools, board rooms, hospitals, or at home. Our whiteboards are offered in an array of surfaces and frames to allow people to communicate, collaborate, and learn in the style and fashion they prefer.

Need help choosing the write surface?

Visit page 60 or check out www.ghent.com/writesurface to learn what makes our surfaces unique and choose the best solution for your needs.

How to Move Rankings Up On Older, Existing Content

Air Conditioners

- ① Competitor X
url
- ② Competitor Y
url
- ③ Competitor Z
url
- ④ Your A/C Page
url

④ Internal links + redirects

- Make sure the page is getting love from all the relevant URLs
- Consolidate! If you have lots of pages targeting the same term/phrase, consider 301'ing all to one place

① Point more external links to your existing URL

- Tough w/ commercial content, but easier w/ educational or non-promotional stuff
- Guest content, promotions, partnerships, testimonials (reviews, list inclusion, press/blog), social media pushes, and link reclamation have, in my experience, worked best
- Be really careful not to build the weak links

② Increase your click-through rate

- Supplement with PPC ads → 111=2.25
- Test modifications to title/description
- Add rich snippet data (Author/images/reviews/video)

③ Improve/re-vitalize on-page content

- Rich media - video, images, graphics
- Layout, design, UX, visual aesthetics
- Text content - not keywords, but unique VALUE!

⑤ Branding, Co-occurrence, + Mentions

Typical Infographic

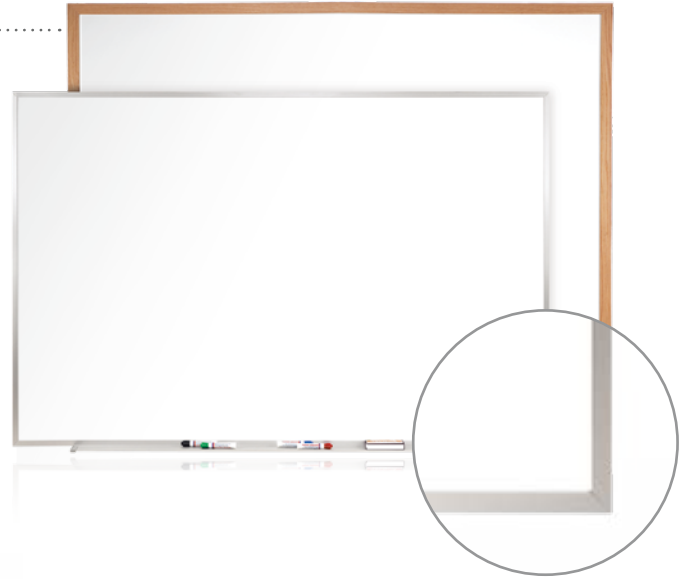

PORCELAIN WHITEBOARDS

Magnetic Porcelain (M1 & M1W)

Traditional porcelain whiteboards with detachable marker tray.

- Heavy-duty porcelain-on-steel surface on a 3/8" backing
- Available in either a satin aluminum or a solid oak, natural finish
- Durable surface accepts magnets and resists scratches and stains
- Detached SmartPak blade-tray for easier installation and reduced potential for damage
- Available in 2' x 3', 3' x 4', 4' x 4', 4' x 5', 4' x 6', 4' x 8', 4' x 10', and 4' x 12'

Magnetic Porcelain with Box-Tray (A2M)

Satin aluminum-framed traditional porcelain whiteboards with detachable box-tray.

- Detached SmartPak Box-Tray is heavy-duty and ideal for easier installation and reduced potential for damage (map rail optional)
- Heavy-duty porcelain-on-steel surface on a 3/8" backing for years of dependable service. Available with 1" map rail
- Durable surface accepts magnets and resists scratches and stains
- Available in 4' x 6', 4' x 8', 4' x 10', 4' x 12', and 4' x 16'

Proma Projection Surface (PRM1)

Porcelain whiteboard with ideal projection surface.

- Porcelain-on-steel projection surface in low luster finish minimizes "hot spots" and provides maximum color projection
- Magnetic surface resists scratches and stains
- SmartPak Tray is detached for easier installation and reduced potential for damage
- Satin aluminum frame with 1" map rail
- Available in 3' x 4', 4' x 4', 4' x 6', and 4' x 8'

Magnetic Porcelain Image Trim Frame (ITGM)

Porcelain whiteboard in our Image Trim frame – a stylish powder-coated graphite fleck finish on aluminum frame.

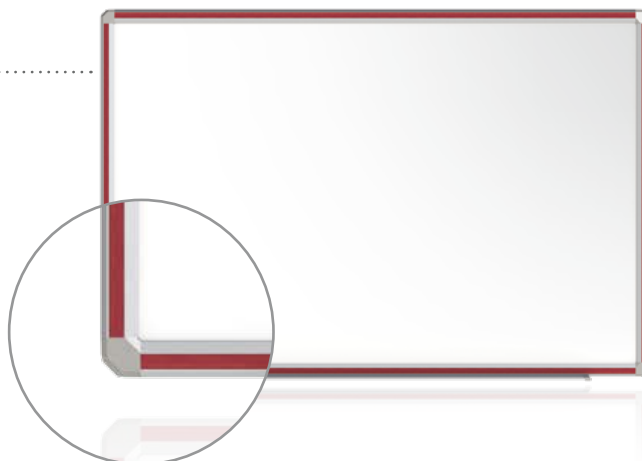

- Premium magnetic porcelain-on-steel marker surface accepts magnets and resists scratches and staining
- SmartPak Tray is detached for easier installation and reduced potential for damage
- Stylish frame with unsurpassed durability
- Available in 4' x 6', 4' x 8', 4' x 10', and 4' x 12'

DecoAurora (DFM)

Porcelain whiteboard with durable aluminum frame that features color customization capability.

- Porcelain-on-steel surface accepts magnets and resists scratches and stains
- Stylish multi-faceted corners and aluminum framing
- Wood-look or color strips coordinate with interior furnishings and conceal mounting hardware
- Available in 3' x 4', 4' x 4', 4' x 6', 4' x 8', 4' x 10', and 4' x 12'

GRAPHIC PORCELAIN WHITEBOARDS

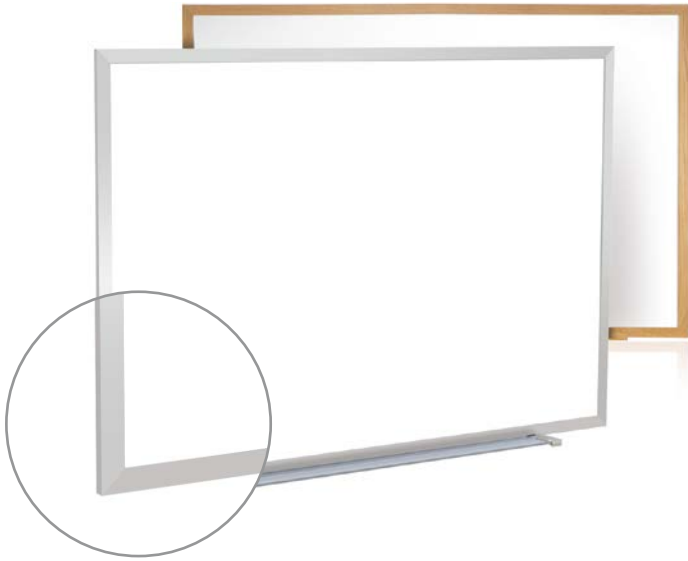

Penmanship Lined Boards (GM1P) & Music Staff Lined Boards (GM1M)

Functional porcelain whiteboard with a satin aluminum frame.

- Heavy-duty porcelain-on-steel surface on 3/8" backing
- Graphics available with either Penmanship lines or Music Staff
- Graphic surface accepts magnets and resists scratches and stains
- SmartPak Tray detached for easier installation, reduced damage potential – available with either marker tray (GM1) or premium box tray (GA2M) options
- Available in 4' x 6' and 4' x 8'
- GM1M – Distance between music staff lines = 1" and 4" between next set of staff lines
- GM1P – Distance between solid and dashed lines = 2"

MAGNETIC STEEL WHITEBOARDS

Magnetic Steel (M3 & M3W)

Traditional painted steel whiteboards with detachable marker tray, available in satin aluminum or wood frames.

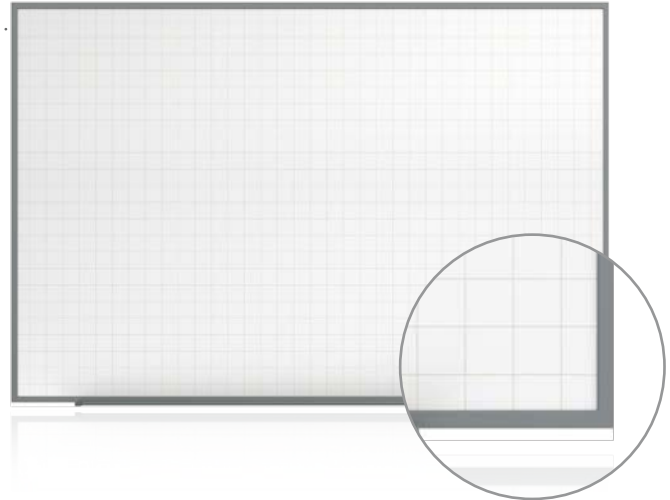

- Durable acrylic enamel steel surface is built to last and perform
- High-quality surface accepts magnets and resists scratches and stains
- Available in either a satin-anodized aluminum or a solid oak frame
- SmartPak Tray is detached for easier installation and reduced potential for damage
- Available in 2' x 3', 3' x 4', 4' x 4', 4' x 5', 4' x 6', 4' x 8', 4' x 10', and 4' x 12'

Phantom – Magnetic Lined Boards (PLM3)

Painted steel whiteboard with faint grid lines only visible to user.

- 2" x 2" grid lines visible to the user, unseen by the audience
- Durable acrylic enamel steel surface priced to sell, last and perform
- High-quality magnetic steel resists scratches and stains and accepts magnets
- SmartPak Tray is detached for easier installation and reduced potential for damage
- Available in 2' x 3', 3' x 4', 4' x 4', 4' x 6', and 4' x 8'

Magnetic Steel with Cintra Frame (CTSM3)

Painted steel whiteboard in our Cintra frame – a European-style aluminum frame.

- Stylish radius edged, Euro-style satin aluminum frame
- Acrylic enamel white magnetic steel marker surface erases easily and resists ghosting
- Attachable accessory tray allows for portrait or landscape mounting
- Concealed hanging system provides sleek look
- Available in 1.5' x 2', 2' x 3', 3' x 4', 4" x 6', and 4' x 8'

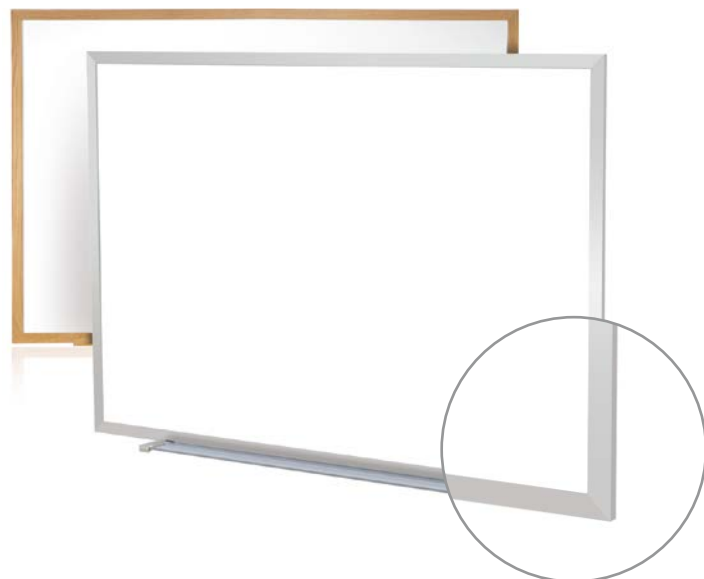

NON-MAGNETIC WHITEBOARDS

Non-Magnetic Whiteboards (M2 & M2W)

Non-Magnetic whiteboards are an affordable whiteboard with a surface that writes and erases beautifully.

- Satin Aluminum or Natural Oak, solid wood framing options
- 4' x 3' and smaller – 1/8" hardboard, attached marker tray
- 5' x 3' and larger – 1/4" hardboard, detached marker tray for easier installation and reduced damage potential
- Available in 2' x 3', 3' x 4', 4' x 4', 4' x 5', 4' x 6', 4' x 8', and 4' x 12' (aluminum frame only)

RESURFACING SOLUTIONS

Magnetic Porcelain Resurfacing (RNM1)

Renewal – Our custom-built porcelain whiteboards designed to fit exactly over existing framed boards.

- No need to remove old board – fits easily over existing framed board for installation cost savings
- Surface accepts magnets and resists scratches and stains
- Anodized satin aluminum frame with no marker tray
- Factory-drilled holes in aluminum frame for quick mounting; installs in minutes, includes mounting instructions and hardware
- Order exact size to be covered – includes frame, not tray

GHENT GRAPHICS (GRPM)

Healthcare Boards

Ghent's Healthcare Whiteboards can be used anywhere in your hospital with our specially designed Patient Room boards, Operating Room Time Out boards, and Operating Room Scheduling boards.

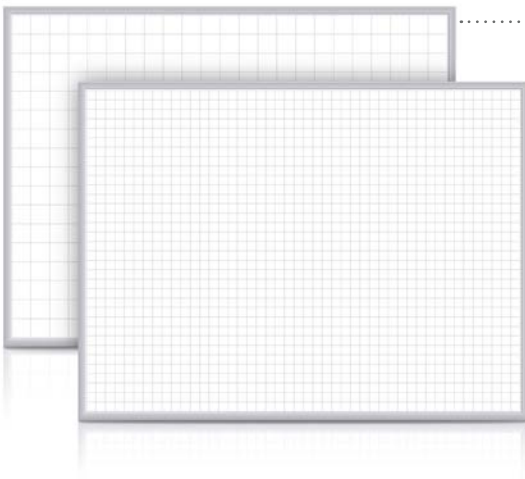

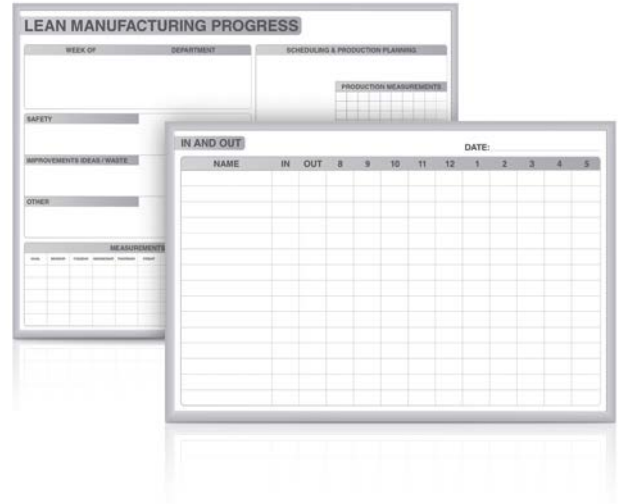

- Displays important information to patients and coworkers
- Choose between our patient room, schedule, and time out boards
- Improves communication throughout your healthcare facility

Manufacturing Boards

Ghent's Manufacturing Whiteboards can be used anywhere in your facility for tracking LEAN initiatives with our LEAN Manufacturing tracking board or employee attendance with an In/Out whiteboard.

- Quickly track changes throughout the day
- Choose between our in/out and lean boards
- Displays important information to employees and managers
- Improves communication in corporate and manufacturing environments

Grid Whiteboards

Ghent's dry erase boards can be used anywhere in your school or business with our specially designed 1" x 1" and 2" x 2" grid boards. The graphics on our erasable board encourage interaction in the classroom and provide important information to employees and customers in the office.

- Create quick graphs and sketches
- Choose between 1" x 1" and 2" x 2" grid
- Displays clean and clear information to an audience
- Improves communication in corporate and educational spaces

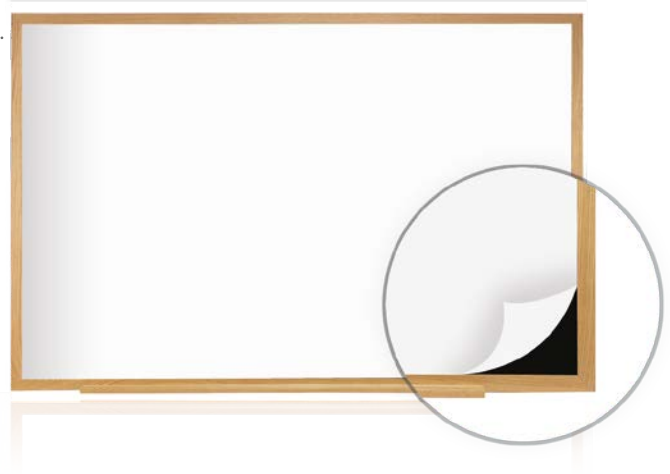

RESURFACING SOLUTIONS

PSC Skins

Porcelain sheets can be applied directly to wall or face of worn boards.

- Surface is white porcelain-on-steel
- PSC sheets accept magnets and resist stains
- Includes disposable board that protects metal edges, assists with handling, and prevents creases during installation
- Innovative installation method makes PSC sheets simple to apply
- Available in 4' x 4', 4' x 6', 4' x 8', 4' x 10', 4' x 12', and custom sizes

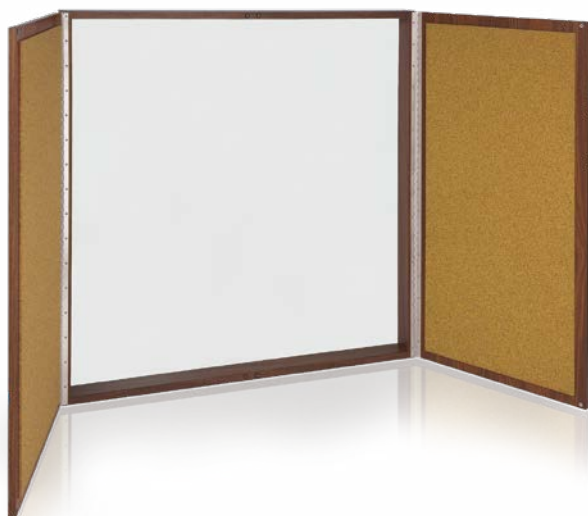

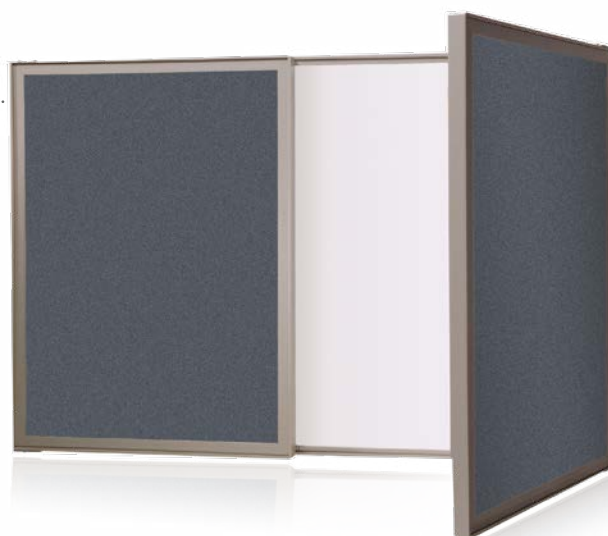

COMMUNICATION FURNITURE

VisuALL PC (413)

Combined whiteboard surface with a useful fabric bulletin board in an enclosed system for discretion.

- Opens to an ample 6' of whiteboard surface
- Closes to 3' of convenient fabric bulletin board
- Cabinet measures 2' x 3' closed
- Available in choice of Gray, Blue, or Beige fabric
- Comes complete with mounting accessories for easy attachment to walls or for hanging from divider panels

Conference Cabinets (C1)

Mahogany or Oak cabinets with magnetic porcelain whiteboard and tackable surfaces.

- These sturdy units feature top-quality Mahogany or Medium Oak laminate surface with hinged doors and magnetic door latches
- Self-healing natural cork bulletin boards line the inside of both doors
- Interior depth of 3" allows for marker and eraser storage when closed
- Cabinet measures 4' x 4' closed and extends 5" from the wall
- Doors can be customized with whiteboard surface

Horizontal Sliders (HSM)

Sliders provide multiple whiteboard panels to serve a multitude of needs.

- Horizontal Sliders uses a porcelain whiteboard surface creating a durable, high-performance board that resists scratches and stains
- Doubles amount of usable space with fixed back panel and two sliding panels – up to 24' of horizontal writing surface
- Top-suspended panels glide on nylon rollers for smooth operation
- Accepts magnets and magnetized accessories
- Constructed with heavy-duty anodized aluminum trim
- Available in 4' x 6', 4' x 8', 4' x 10', and 4' x 12'

MOBILE WHITEBOARDS

Mobile and Rolling Collaboration Products

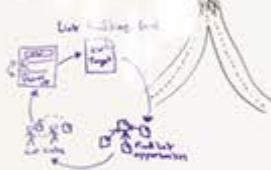

“ Movement promotes brainstorming – why stand still?

Ghent's line of mobile, reversible, and rolling whiteboards allow for brainstorming and collaboration when wall space isn't available. Modern design meets durability for a mobile whiteboard solution that will fit into any space.

Link Selling vs Con Marketing

- What to check?
- Goals & Metrics
 - Long term vs. Short term
 - Multi-channel vs. Single
 - Breadth vs. Depth of reach

Contact Marketing Cycle

Nexus mobile whiteboard shown.

ROAM

Roam (RM)

- Double-sided mobile whiteboard with edge-to-edge writing surface workspace for personal use or group interaction
- 42" H x 36" W writing surface constructed of non-ghosting, high-pressure laminate
- Satin aluminum double-sided tray and legs complement any décor
- Constructed with 2.5" heavy-duty casters that allow for ease of use throughout any flooring surface
- Compact nesting allows for multiple units to fit within the same footprint
- Low center of gravity creates stability in use and while roaming
- Optimal for seated or standing positions
- Lightweight – complete unit only weighs 46 lbs, overall dimensions are 69" H x 36" W

REVERSIBLE BOARDS

Mobile Whiteboards (AR & R)

Double-sided mobile whiteboard, available in Satin Aluminum or wood frames in magnetic porcelain or non-magnetic writing surfaces.

- Reversing mechanism designed to make flipping to the other side easy
- Steel lock clamps adjust to secure board to preferred position
- Reinforced legs have added bracing for stability and security
- Satin finish anodized aluminum frame – four casters, two locking wheels included; Natural Oak finish solid wood frame – casters sold separately
- Available in marker/marker, marker/cork, cork/cork
- 4' x 3' and 6' x 4' options available

NEXUS

Tablet (NEX101TM)

The Nexus Tablet is a lightweight and portable solution that provides a markerboard workspace for use wherever it is needed.

- Right-sized – spacious 28" x 28" double-sided, high-pressure laminate whiteboard workspace for personal use or group interaction
- Compact – simple to move from room to room and pack away for storage
- Lightweight – weighing only 3 lbs, the tablet is perfect for break-out sessions
- Environmentally friendly – more durable, reusable, and greener solution than traditional chart pads

Easel+ (NEX204EP)

Nexus Easel+ combines the best parts of the Nexus family into one product. Featuring the usability and writing surface of the Easel, the tablet-storage space of the Caddy plus double the hanging space, the Easel+ is one of the most versatile whiteboards on the market.

- Double-sided 76" H x 40" W porcelain whiteboard – more durable, reusable, and green
- Angled foot design – allows units to be grouped for a more coordinated collaboration space
- Expandable workspace – attached side pegs give you the option of adding Tablets for additional room
- Sleek and contemporary frosted acrylic paneling, allows Nexus to cohesively fit with any decor
- Customizable surface options: marker/marker, marker/tack, and tack/tack

IdeaWall (NEX206MW)

The Nexus IdeaWall is a mobile-porcelain whiteboard with an extra-large 46" x 68.5" magnetic work surface and expandable presentation space.

- Double-sided, 46" H x 69" W porcelain whiteboard – more durable, reusable
- Angled foot design – allows units to be grouped for a more coordinated collaboration space
- Expandable workspace – attached side pegs give you the option of adding Tablets for additional room
- Sleek and contemporary frosted acrylic paneling, allows Nexus to cohesively fit with any decor
- Customizable surface options: marker/marker, marker/tack, and tack/tack

Easel (NEX203ME)

The Nexus Easel is a mobile, double-sided whiteboard that provides a flexible magnetic 46" x 34.5" writing area plus expandable workspace for tablets.

- Double-sided, 46" x 34.5" porcelain whiteboard – more durable, reusable, and green
- Angled foot design – allows units to be grouped for a more coordinated collaboration space
- Expandable workspace – attached side pegs give you the option of adding Tablets for additional writing space
- Sleek and contemporary frosted acrylic paneling, allows Nexus to cohesively fit with any decor
- Customizable surface options: marker/marker, marker/tack, and tack/tack

Partition (NEX224)

The Nexus Partition is a mobile whiteboard with an extra-large 65" x 46.5" whiteboard work surface and expandable presentation space.

- Double-sided, 65" x 46.5" magnetic porcelain marker surface – more durable, reusable, and green
- Angled foot design – allows units to be grouped for a more collaborative space
- Expandable workspace – attached side pegs give you the option of adding Tablets for additional room
- Divide and conquer – Nexus Partition allows small groups to partition off their space to collaborate on a beautiful writing surface while minimizing distractions
- Available in marker/marker, marker/tack, and tack/tack options (see page 60 for all surfaces)

Jr. Partition (NEX223)

The Nexus Jr. Partition is a mobile whiteboard with a compact 46" x 34.5" work surface and expandable presentation space – perfect for seated-height applications.

- Sized for seated comfort – the size of the Jr. Partition is perfect for small group collaboration, especially for the seated position and is ADA compliant
- Double-sided, 46" x 34.5" magnetic marker surface – more durable, reusable, and greener solution than traditional chart pads
- Expandable workspace – attachable easel pegs give you the option of adding Tablets for additional room
- Available in marker/marker, marker/tack, and tack/tack options (see page 60 for all surfaces)

WallBoard (NEX-WMB)

The Nexus WallBoard is a traditional stationary display panel with a porcelain whiteboard work surface.

- Stylish Nexus design allows the WallBoard to seamlessly match your other Nexus products
- Brings Nexus beyond wheels and onto walls, so all collaborators can enjoy the style, performance, and durability of Nexus
- Available in 36" x 48" and 48" x 72"

X-Pegs (NEX001XP- ONE PAIR, NEX004XP: FOUR PAIR)

X-Hangers:

Small (NEX011XHS - ONE PAIR, NEX014XHS - FOUR PAIR)

Large (NEX021XHL - ONE PAIR, NEX024XHL - FOUR PAIR)

Nexus X-Pegs are a flexible, low-profile display system for Tablet whiteboards that accommodate a variety of wall-mounting options. The Nexus X-Hangers adjust to fit snugly onto various thicknesses of dividers.

X-Pegs

- Low-profile wall visibility – requires only a single pair of X-Pegs per Tablet markerboard
- Flexible mounting options – X-Peg pairs can be mounted in a single row for presenting a line of multiple Tablets or in multiple rows for upper-level image display and lower-level writing
- Easy to hang – each X-Peg is easily attached to the wall with a single fastener

X-Hangers

- Panel hangers adjust to fit snugly onto various thicknesses of dividers
- Simple to use – Nexus Tablets fit easily into X-Hanger openings for intuitive connection and fit
- Easy to hang – attaches onto top of partition with thumb screws to secure into position

Ovation enclosed board with Black frame and Blue fabric.

EASELS & DISPLAY RAILS

Lobbies, Hotels, & Conference Centers

“
We all have something
to display

Sometimes your messages need to be displayed in multiple places. Our easels and display rails allow you to be versatile as you communicate wherever that may be.

DISPLAY EASELS

Telescoping Presentation Easel (1050 & 1060)

Presentation easels and accessories are a must for brainstorming sessions, meetings, and sales conferences.

- Available in Satin (1060) or Black (1050) finish anodized aluminum
- Telescoping legs adjust from 2.83' to 5.33' high
- Non-skid feet and adjustable board holders add to its versatility
- Can be used with a whiteboard

Triumph (19250)

- Constructed of ABS gray resin for a lightweight easel
- Holds up to 25 lbs, yet weighs just 3 lbs
- Adjustable to 3.08' table top or 5.17' full size
- Features retractable legs, adjustable placard/board holders, and non-marring feet
- Uses include displaying presentations, artwork, posters, and small boards

PRESENTATION EASELS

Magnetic Marker Easel (1040M3)

Aluminum-framed magnetic markerboard permanently attached to a telescoping easel.

- Can be used as either table top or full size – up to 5.42' tall
- Large steel markerboard measures 2.5' x 3' and accepts magnets
- Full-length flip chart bar and marker tray
- Skid-resistant, rubber-tipped legs

DISPLAY RAILS

Hold-Up (H)

Creative and safe solution to displaying memos, reminders, and artwork.

- No need for tape, tacks, or pushpins
- Allows the flexibility to post thick and thin items side by side
- Can be attached to the top of a board or mounted separately
- Clear front lets entire paper show while blending in with any surface
- Versatile enough for the school hallway, refrigerator, or office filing cabinet
- Available in 1', 1.5', 2', 3', 4', 5', 6', and 8'

CHOOSE THE **WRITE** SURFACE

We pride ourselves on being whiteboard experts. Different environments and applications require different solutions – and that’s what we are proud to offer our customers. Below is a simple guide to choosing the perfect writing surface for your world.

ACRYLITE™ WHITEBOARDS
High Performance Acrylic and will not ghost

- Half the weight of glass
- Twice the scratch resistance of glass
- Polished edges and superior performance

GLASS MARKERBOARDS
Tempered and will not ghost

- 1/4" tempered glass will not ghost
- Variety of styles, colors, and even magnetic
- The ultimate style statement

PORCELAIN
A classic; guaranteed to not ghost

- Non-porous surface will not ghost
- Writes clearly and erases cleanly
- Surface accepts magnets

POWDER COATED
Write in places like never before

- High performance powder coat on steel
- Multiple colors available
- Surface accepts magnets

PAINTED STEEL
A magnetic, durable option

- Multiple layers of coating on steel
- Good performance at a great price point
- Surface accepts magnets

NON-MAGNETIC
Collaborate on a budget

- Painted hardboard surface
- Good option for those on a budget
- Surface is non-magnetic

PICK THE **BRIGHT** SOLUTION

Want to customize Ghent products with fabric to complement your decor? It's easy with our Tiered Fabric Program! The program consists of three tiers, or options, that allow you to choose from top of the line textiles, along with the ability to customize with your own material. To learn more about our fabric options, visit www.ghent.com/finishes.

1 Tier One: Guilford of Maine

Tier One, consists of five fabric options from Guilford of Maine. Guilford of Maine, the open line brand of True Textiles, Inc., provides woven textile products focusing on the acoustic, healthcare, hospitality, education, and office markets, or any other application where high performance textiles are demanded.

2 Tier Two: Maharam

Together, Ghent and Maharam have developed our Tier Two fabric program containing 124 textile designs in four patterns: Messenger, Medium, Manner, and Metric. Founded in 1902, Maharam is recognized for its rigorous and holistic commitment to design as a leading provider of textiles to architects and interior designers.

3 Tier Three: Custom

Want to incorporate your own fabric into our products? You've come to the right place! With our Tier Three fabric program, you can match other fabrics in your interiors seamlessly by sending us your own fabric to be included in our products.

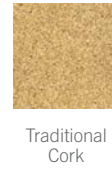

TACK ON EVEN MORE OPTIONS

We've proudly been making bulletin boards since 1976. Over time, we've developed hundreds of ways to help people get their messages across. Below is a snapshot of our tack surface guide. Most surfaces are available in all of our bulletin board products.

WADDELL®

a **GMI** company®

Display Solutions

For nearly 130 years, craftsmen have been carefully constructing Waddell display cases in the time-honored tradition of Waddell quality. The Waddell brand of display cases has been part of the GMI family of brands since 1986. The difference between a Waddell showcase and others is in the details. This distinctive level of quality can be touched and seen in the solid, well-constructed fit and finish of every case. We combine today's technology and designs with yesterday's personal commitment to constructing the finest USA made cases available.
