OUR COMMITMENT TO SUSTAINABILITY

We are committed to reducing our footprint and making our communities cleaner and stronger.

70%

The steel we use is 70% recycled

75%

Our aluminum is composed of a minimum of 75% post-industrial scrap

80%

The wood products that we use is 80% pre-consumer recycled content

100% COMMITTED TO RECYCLING

At GMi, we recycle as much as we can. Yearly, we send the following for recycling instead of putting it in the trash:
