

# Modular Power System

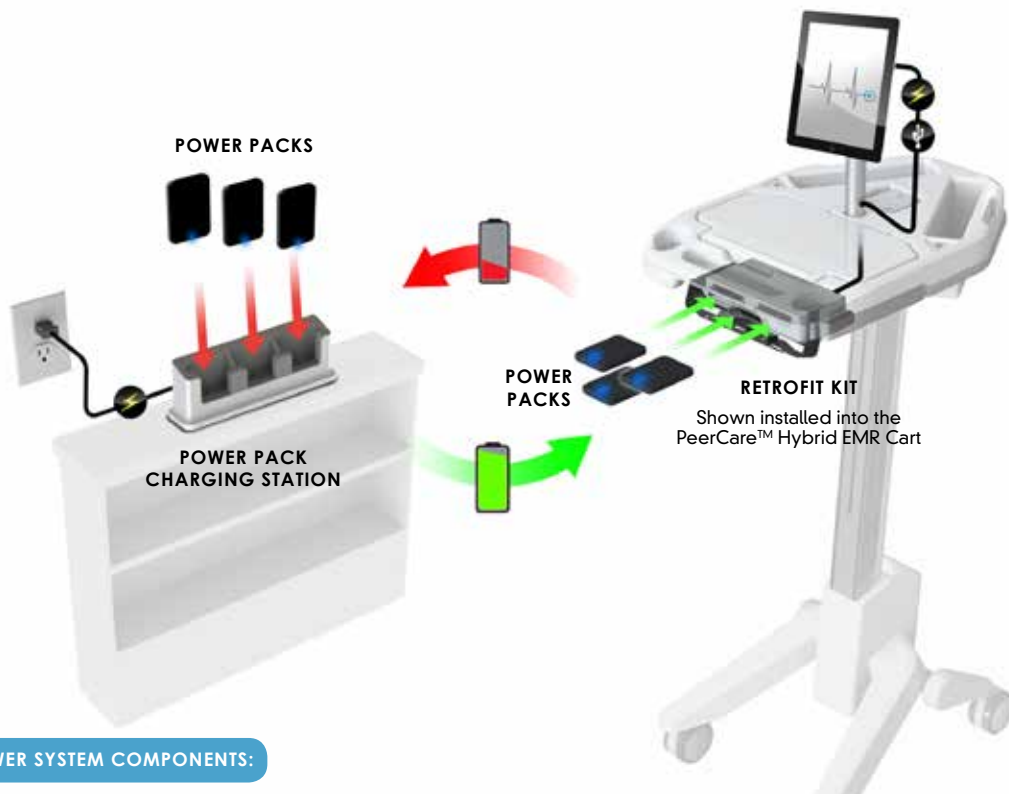

## For use with PeerCare™ EMR Hybrid Carts

### HCACC201, HCACC301, HCACC302, HCACC401

The PeerCare™ Modular Power System is designed to extend the battery run time of a thin client tablet device for up to 24 hours of continuous use<sup>1</sup>. The system utilizes Lithium Polymer Power Packs for their longevity, lightweight and ability to be repeatedly recharged. Drained Power Packs can be easily swapped with freshly charged Power Packs at any time, enabling continuous operation of the attached tablet device. With everyday usage in mind, a built-in locking access cover prevents Power Packs from being unintentionally removed.

<sup>1</sup> Actual battery performance may vary based on wireless connectivity, application usage, brightness settings and other factors.

#### MODULAR POWER SYSTEM COMPONENTS:

#### HCACC301/302 POWER PACK CHARGING STATION

- **CHARGES (3) POWER PACKS AT ONCE**  
Easily swap drained Power Packs for newly charged ones at any time
- **PROVIDES QUICK TURNAROUND**  
Charges Power Packs in less than two hours when power is drained
- **SLIM FORM FACTOR**  
Uses minimal work station space

*HCACC302 includes (3) HCACC401 Power Packs*

#### HCACC401 POWER PACK

- **RECHARGEABLE**  
Can be charged repeatedly for optimum use
- **BUILT-IN SAFETY**  
Thermal management, over-current and short circuit protections
- **CHARGE INDICATOR**  
Power level is specified to indicate when to swap Power Pack(s)

#### HCACC201 RETROFIT KIT

- **ALL HARDWARE INCLUDED**  
Convert a non-powered PeerCare™ EMR Cart to powered
- **LOCKING ACCESS COVER INCLUDED**  
Prevents Power Pack pilferage
- **ACCESS COVER LOCKS ARE KEYED ALIKE**  
Eliminates the need to carry multiple keys
