

# EMR Hybrid Cart with keyboard/mouse tray

## Optimized for Traditional Notebooks

HCC101

EMR Hybrid Cart is a TAA-compliant cart optimized for use with traditional notebook PCs. The fan cooled notebook tray is easily position on the extension arm to provide ideal placement. When used in conjunction with the height adjustable work surface and back tilting keyboard/mouse tray, it provides optimum ergonomics for multiple users. All models are treated with an Agion® antimicrobial finish to aid in controlling the spread of infections within healthcare institutions.

### 1. ANTIMICROBIAL FINISH

Work surfaces treated with Agion® antimicrobial finish to help prevent the spread of infectious diseases

### 2. FULLY ADJUSTABLE

Ergonomic back-tilting keyboard tray with left or right hand mouse tray

### 3. FLEXIBLE VIEWING

Work surface has 20" (508mm) of sit-to-stand height adjustment

### 4. EASY-TO-MANEUVER

Lightweight and durable construction equipped with 4" locking castors

Cooling fan keeps notebook cool

Additional storage provided to keep items out of sight

Notebook, keyboard and mouse not included.

Treated with Agion® brand antimicrobial to inhibit the growth of bacteria, mold and fungus on the surface of products.
