peerCare™

Heavy Duty (HD) Wall System
for 10" to 26" Flat Panel Displays

HCW201

The PeerCare™ HD Wall System's swing arm design with integrated work surface provides a single solution that is deployable in both patient and exam rooms. Positioning of the independent display and keyboard tray is effortless, creating the perfect viewing angle and typing position whether the user is standing or sitting. When not in use, the system can be folded up against the wall for a clean and neat appearance.

LB (KG) Max load: 35lb (16kg)

1. ERGONOMICALLY DESIGNED
Integrated grab handle enables single handed position adjustment while the gel wrist rest provides support while typing

2. SAFE
Engineered with no pinch points or sharp corners and OSHPD Pre-approved

3. ANTIMICROBIAL TREATMENT
Antimicrobial treatment inhibits the growth of bacteria, mold and fungus on the different touch points

CPU Holder
(Sold Separately, HCACC501 Shown, See Accessories)

Folded keyboard

Pivot limiter

Features

- Manufactured in North America (TAA Compliant) to precise standards

- Designed with the rigors of healthcare environments and infection control in mind

- Antimicrobial treatment assists in controlling the spread of infection within healthcare institutions

- Lightweight aluminum construction for long lasting durability

- 14" (355mm) of smooth vertical adjustment easily accommodates the average user height

- Display mount has an additional 9.5" (241mm) of independent display adjustment

- 180° of lateral movement for ease of access and privacy for data entry

- Pivot limiter allows the work station arm to be locked in a position that is 90° from the wall, with additional incremental restriction available

- Stores 10.31" (262mm) from the wall when not in use

- Installs direct to drywall for ease of installation

- OSHPD rated for seismic environments

- VESA® mounting 75mm and 100mm
