Quick and easy installation
and plug-and-play wireless set-up
(Shown wih PRG-UNV projector mount and HD Flow™
Pro Wireless Multimedia Kit HDS200, sold separately)

PeerAir™ Wireless Integration Module for projectors is designed to support HD Flow™ Pro
Multimedia Kit (HDS200)*, quickly and easily integrating the Wireless Multimedia Kit to any
projector mounted on a selection of Peerless-AV® projector mounts using Spider® Universal
Adaptor Plate. The integration module provides an easy to retrofit, secure solution for the
support of HD Flow™ Pro Multimedia Kit that enables wireless connectivity of content devices
such as laptops, desktops and media players from anywhere within its 131ft (40m) radius
through walls, floors or ceilings without having to manage messy cables on the ground or
the extra expense and hassle from running cables.

* HD Flow™ Pro Multimedia Kit (HDS200) sold separately
