HAKKO FM-2032 PRESS RELEASE

Hakko Introduces the New FM-2032 Micro Soldering Iron

VALENCIA, CA — The FM-2032 Micro Soldering Iron extends precision micro soldering capabilities to a variety of HAKKO soldering and rework systems. The slender, lightweight handpiece has a tip-to-grip distance optimized for operator dexterity under microscopes and magnifiers while preserving the control one expects when working with 0201 components and smaller. The new T30 Series Composite Micro Tips have geometries engineered for optimal heat transfer and the ability to reach into some of the tightest spots on a board.

The FM-2032 also features – Thin, burn resistant iron cord • Quick Change T30 Series tips • ESD Safe design • Cool running grip even when operating at 450°C for extended periods • HAKKO renowned tip life and performance

Available April 2014

See it first at IPC/APEX EXPO, Mandalay Bay Convention Center, Las Vegas, NV, March 25-27, Booth #2285.
