

## Specification Sheet

Part Number: 170-03037

Center-slit overlapping design allows quick and easy access to the wires and cables for future maintenance or inspection without disassembly.

Flexible material allows it to easily wrap around a variety of component shapes and sizes, making it easier to use than slit-loom tubing or spiral-wrap materials.

A unique weave pattern provides increased coverage and greater resistance to abrasion, dust and debris.

Overlapping design enhances flexibility, allowing it to shift and bend without exposing wire and cables.
