Part Number: 181-00684

Tabs align the mount for easy divider installation.
 Top of the mount creates separation between wires and the fastener head which protects the wires from abrasion.
 When used as a duct divider mount, the divider snaps or slides over the mount resulting in a quick, secure installation.
 When used as a wire bundle mount, simply slide the cable tie through any of the four-way tie slots to secure the bundle and prevent the cables from falling outside during installation and cover removal.
