

Specification Sheet

Part Number: 558-00412

HellermannTyton inkjet ink dries immediately on these labels to reduce or eliminate smearing.

Polypropylene material resists a wide range of chemicals and solvents.

BS5609 polypropylene available to meet strict marine and maritime labeling requirements.

EDP paper labels provide ability to “temporarily” label, such as arc-flash applications, and can be removed without leaving adhesive residue.

Can be printed multiple colors, reducing the typical inventory of labels with colored headers and the frequent need to switch stock.

Product Description	HellermannTyton inkjet label rolls provide flexible options for creating full-color, chemical-resistant safety, warning and arc-flash labels. They are available on continuous rolls of 125' or die-cut shapes. The rolls are available in four widths from 1" to 4" and can be cut to any length for custom sizes. TagPrint® Pro software enables full-color printing of text and images using templates or custom layouts and conveniently asks the user for the label length when creating a new design. Using HellermannTyton inkjet labels saves the time and cost of ordering custom identification products online, for on-demand convenience with no minimums or long lead times.
