

Safety Zone® Nitrile Exam Gloves provide dependable protection, comfort, and performance across a wide range of professional applications. Constructed from durable, latex-free nitrile, these powder-free, medical-grade gloves feature microtextured fingers to help provide a secure grip and confident handling. Their examination-grade design meets ASTM D6319 standards, making them a practical choice for healthcare and medical environments where reliable disposable hand protection is essential. They are also tested for chemotherapy drugs and fentanyl exposure and resist petrochemicals for added versatility. Food-safe construction further expands their use across food handling, cleaning, maintenance, industrial, and other demanding professional environments. **Safety Zone® packaging is being updated to a new look. The gloves are the exact same, but our branding and packaging is being updated. Please note that this will be a rolling change and you may receive mixed packaging styles until our inventory is depleted.**

Key Features

- Medical/Examination Grade
- Powder Free
- Thickness: 6 mil
- Length: 9.5 in.
- Ambidextrous
- Textured fingers for improved grip

SKU GNPR-LG-1-K

Brand	Safety Zone®
Case LxWxH	15 x 10 x 10.5
Case Weight (lbs.)	15.85
