mondopad

Communicate and Collaborate Better Than Ever

An InFocus® Mondopad™ puts everything you need to visually present, capture and share ideas at your fingertips – all integrated into a single device.

Present, annotate and collaborate on a giant tablet with meeting participants in the room and around the world.

Mondopad streamlines meetings and allows people to communicate clearly to get the job done fast. You'll bridge communication gaps, save time and money on travel, and never look back.

- Multi-touch high definition display in 55", 70" and 80" sizes
- Flexible and expandable with built-in Windows PC
- Digital interactive whiteboard and document annotation
- Business-class video conferencing
- Share, view and control from your tablet or smartphone
- Full copy of Microsoft® Office ensures file compatibility
- Removable PC is interchangeable between all models

Familiar Applications Optimized for Touch

Sharing documents and visuals during a meeting is amazingly easy with the Mondopad's intuitive and familiar folder structure.

- Add, remove and launch documents from the Mondopad's View/Share folder
- Quickly switch between multiple Windows apps and the Mondopad app
- Use all of the office documents (PowerPoint, Word, Excel, PDF, JPGs and more) that you use every day

Video Connect to the World

If you use an enterprise video conferencing system, you can collaborate using leading cloud, client and SIP video conferencing solutions.

- Add Mondopad as a SIP end point on your video conference server or service
- Install your desktop client onto Mondopad for your existing video conferencing system, just like you would a PC
- Works with major video conferencing platforms, such as Polycom, LifeSize, Cisco, and Tandberg

Whiteboard and Annotation

Mondopad's whiteboard and annotation apps make it easy to brainstorm and capture and share ideas.

- A complete set of writing and drawing tools, pens, highlighters, shapes and lines are at your fingertips
- Whiteboard drawings and notes on your meeting visuals can be collected, saved and emailed to meeting participants right from the Mondopad

 INF5520a: 240W max
 INF7021: 275W max
 Energy Star: 5.1 for display and PC

BIG TOUCH

Learn more about BigTouch at www.infocus.com/bigtouch

The touch PC that demands an audience

Windows 8 combines the fun of a tablet with the productivity of a PC, and the InFocus BigTouch amplifies that beautiful, fast and fluid touch experience for your shared work space.

- Windows 8 Pro experience on a 55-inch or 70-inch 1080p touch display
- Run all your Windows apps, even the older ones, in touch mode
- Highly customizable for your needs and your PC applications
- Intel Core i5 processor with fast solid state hard drive
- Wireless mouse and keyboard included

Maximize Windows 8 Touch Capabilities

Windows 8 was built for touch and online connectivity and now you can have the device that maximizes that experience on a large scale in the InFocus BigTouch.

- Use the 5-point touch display with intuitive Windows 8 gestures to interact with your content
- Personalize the Start screen with tiles that connect to a person, app, website, folder or whatever else is important to you
- Familiar Windows desktop that you've used before
- Use your apps, get more apps in the Windows Store, and arrange them all the way you want
- Multi-task by snapping two apps side-by-side
- Enhanced features to easily connect to your networks, access files in the cloud, encrypt data, and more

The Tablet Experience...Magnified

Tablets are fun. Touch is intuitive. The InFocus BigTouch employs a beautiful 55-inch or 70-inch display that allows that enjoyable experience, and your content, to be seen and shared.

- Brilliant full HD (1920 x 1080) display shows off your content with incredible brightness, color and clarity
- Five-point touch screen uses four sensors, one in each corner of the screen, to deliver exceptionally accurate touches, swipes and gestures
- Windows 8 gestures such as tap, slide, swipe, pinch, and rotate can be used to get a global view of everything on the screen and slide back and forth to find what you're looking for
- Wireless keyboard and mouse also included to easily control the display from your seat

Whiteboard Like a Pro (optional)

Add our optional BigNote whiteboarding app to turn your BigTouch into the best digital whiteboard available.

- Wide assortment of pens, colors and shapes
- Whiteboard on up to 10 square feet of space
- Annotate on screen and save the changes
- BigNote files are cross-compatible with Mondopad's whiteboard app
- Use BigNote on any PC running Windows 7 or Windows 8
