Time is valuable. Spend it on communicating your message, not setting up your display.

Key Features

- Proprietary universal mounting bracket for flat-screen display
- Full range of viewing heights, range varies by display size
- Shock-mounted lift mechanism
- Pivoting mount on 40" case enables portrait or landscape DigiEasel display
- Integrated cable management system
- Two-piece clamshell locking lid
- Stable, yet portable with four heavy duty casters
- Mounted multi-outlet surge protected power strip
- Plastic cavity covers conceal the inside of the case when in use
- Manufactured in the USA

The InFocus Lift Case enables just one or two people to set up and be ready to use a Mondopad, BigTouch or JTouch in less than five minutes, without electric power.

Ideal uses include rapid setup at hotels, events, tradeshow, training facilities, sports arenas, military installations, campuses and more.

Easily store, transport, and use a 40", 65", or 70" flat-screen display in the lift case.

Optimized for Versatility

Pull the release handle and the display rises out of the protective case. Adjust the height as desired. When you're finished with your presentation, simply push it down gently to lock it in the storage position. The case does not require electrical power.

Lift models fit 40", 65", and 70" InFocus displays
