## HD Video Dial Tone Service for SIP/H.323 Devices

InFocus 121 Video Calling is the HD video equivalent to your phone service, but for a lot less. It's FREE for the first year with your new InFocus Mondopad, MVP100 Video Phone or BigConnect software.

- Make or receive one-to-one calls with any SIP or H.323 address regardless of the video conferencing service they use
- Business-quality video calling that's reliable and easy to use
- Unlimited video calls for a year for about \$25/month (USD) – or less with a longer subscription

Use 121 with a web browser to make unlimited free video calls to any SIP address. You don't even need a SIP address of your own. Try it now at [121.infocus.net](http://121.infocus.net).

## Video Meeting Rooms for up to 12 Callers

Join people together in a ConX Video Meeting any time you need. Participants can call in from a SIP/H.323 device, an audio-only phone, or from their computer's web browser.

The owner of the ConX Meeting Room can host an HD video meeting with anyone at any time, regardless of the device they're using.

Several meeting rooms to choose from to fit your need and budget:

- Standard or High Definition video quality
- 6-participant room, 12-participant room or a larger custom size

Try ConX for FREE! Just visit [www.InFocusConX.com](http://www.InFocusConX.com) and ask to try a meeting room free for 30 days.

## Save Time and Money

Collaborating with InFocus products and services helps you get more done in less time and save money in the process.

- **Face-to-face communication** is the most efficient way to share ideas and solve problems. Visual queues and body language add meaning and sharing visuals (and even annotating on them) clearly conveys vital information.
- **Reduce or eliminate travel time and cost** while still maintaining personal and effective face-to-face communication
- **Save thousands & be more flexible** with InFocus solutions over other business-class systems from Cisco, LifeSize, Polycom and others
- **Engage audiences & encourage participation** with big, bright multi-touch displays
- **Hear and see everyone clearly** with several Mondopad audio and video options to fit your meeting room and the equipment you already own

## More options for more solutions:

- Wall Mounts for Displays
- Speakerphone Adapters for Mondopad
- Virtual Training for Mondopad
- Extended Warranty and Maintenance Plans
