

INF65ML01

InFocus

Start meetings quickly with the tools you choose

Part #: INF65ML01

Mondopad Launch is the fastest path to more productive meetings. Fully configurable and video conferencing-ready, Mondopad Launch offers a touchscreen display, a built-in whiteboard, multi-user casting, and a custom meeting launch interface – so that you can quickly access your favorite apps or tools in any group workspace.

Key Features

- ◆ 65-inch 4K anti-glare display
- ◆ Fully configurable – add your favorite software & apps, such as Skype or Zoom
- ◆ Interactive digital whiteboard and document annotation
- ◆ Multi-user casting from any device
- ◆ Video collaboration ready - comes with 4K camera and microphone
- ◆ Customizable meeting launch interface
- ◆ Screen capture and annotation for all video sources
- ◆ Built on a 7th generation Intel i5-based Windows 10 Pro PC
- ◆ Total Touch Control™ to change source and setting on screen - no need for a remote
- ◆ Includes wireless keyboard with integrated touchpad

Designed for the Group Workspace

Mondopad Launch is the configurable solution for organizations that need easy access to key software and tools - such as video conferencing services, presentation tools, project management software, and more - in a shared group workspace. Easily access your key software and apps, as well as preloaded collaboration tools, from a customizable meeting interface with large, convenient buttons, to start meetings quickly and then easily reset the touchscreen for the next meeting.

Powerful, Multi-User Casting

Montage, from DisplayNote, offers simple but powerful casting so that you can easily share content wirelessly from your laptop or mobile device. Montage allows up to six people to cast content simultaneously. The main user at the screen can choose which user to show as the active screen, and other users can then annotate from their personal device on to the casted image for all to see.

Bring Your Own Device

Connect and share content securely from PCs, Macs, tablets or smartphones to make meetings more collaborative and productive. With internet-based connections for guest support, Mondopad Launch makes it easy for anyone to connect and share content from any computer or mobile device.

Customize Your Meeting Interface

QuickLaunch allows you to add links to your favorite collaboration software, apps, and services directly to the home screen, enabling you to easily access key tools and start meetings quickly. QuickLaunch provides a wide range of configuration options, allowing you to customize the look and feel of your Mondopad Launch home screen to meet the unique needs of your organization.

Mondopad Launch includes the Standard Edition of QuickLaunch. Upgrade to the Professional Edition to add a meeting room calendar to the home screen of your Mondopad Launch. Scheduled video calls are then easily accessible via a

large button within the calendar appointment so that you can instantly join your video call.

Capture Ideas on an Interactive Whiteboard

Brainstorm, capture, save, and share your ideas on an interactive whiteboard without borders or barriers. Use a complete collection of digital pens, shapes, lines, and colors to create and draw on a giant multi-screen canvas. Paste backgrounds and images onto a whiteboard, annotate on top, save, and email directly from the Mondopad.

View, Annotate, and Share

Never lose an idea - quickly and easily take notes on anything you're presenting and then save the changes. Mark-up documents, images, web pages, or videos - save your notes as an image - and email it directly from the Mondopad. Easily manage common or secure files through email, office network, USB drives, and cloud-based services like Dropbox.

Specifications*

Display	INF65ML01
Diagonal Size	65"
Resolution – Native	4K UHD (3840 x 2160)
Display Technology	Direct-LED backlight
Touch Screen Features	Multi-touch, 10-point gestures, Anti-glare, Anti-Fingerprint
Glass Strength	4mm thick, heat treated
Scratch Resistance	7 Mohs
Contrast Ratio	1,200:1
Display Brightness	450 cd/m2
Refresh Rate	60 Hz
Response Time	8.0 ms

Display	INF65ML01
Pixel Pitch	0.429 mm
Viewing Angle	178°
Speakers	Stereo 10W x 2
Display Connectors – Inputs	RS232, Component video, Composite video, HDMI x 5, RJ-45 (Ethernet), VGA, USB 3.0 x2, Media USB (Android), PC Audio In (stereo, VGA Audio source), 1/8" Microphone (Mono linked to OPS), USB 2.0 x2, OPS PC USB x2, RCA L/R audio
