

# Lift Assist Mounts for Large Format Displays

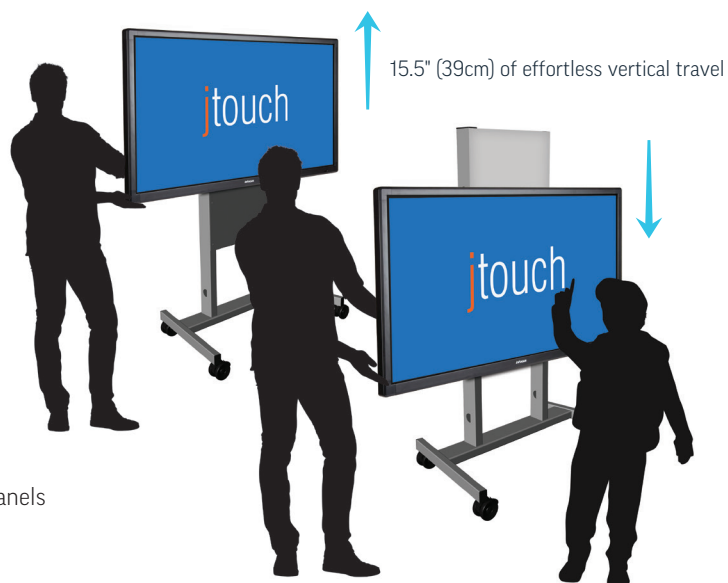

Height adjust your screen at the touch of a finger

Part #s: INA-MNTBB70, INA-MNTBB138, INA-MNTBB95, INA-VESABB, INA-VESABBXL, INA-SUPPORTBB, INA-CARTBB, INA-CARTBBXL

The Lift Assist Mount helps users of all ages and heights comfortably interact with content on the Mondopad, BigTouch, or JTouch displays from InFocus.

Its revolutionary spring-assisted lift mechanism allows students, teachers, and other presenters to easily and safely move the screen up or down to the appropriate height—all with the feather-light touch of a finger.

- Fast, safe, easy movement for your LCD or LED screen
- Easy 30-minute installation
- Works universally with other televisions, monitors, and interactive panels

## Versatile Use on Wall or Mobile Cart

### Mount it on the Wall

- Save valuable space in the boardroom or classroom
- Provides a clean, professional look
- Reinforce the wall mount with an optional floor support

### Mount it on a Mobile Cart

- Easily move this shared resource where it's needed most
- Smooth rolling casters and angled base enable effortless positioning – even in corners

## Get Started

**1** Choose the appropriate mount based on the weight of your display.

**2** The VESA bracket is required to attach the display to the mount.

BRACKET	MOUNTING PATTERN
INA-VESABB	VESA 200 x 200mm minimum to 800 x 400mm maximum
INA-VESABBXL	VESA 800 x 600mm maximum

**3** Choose an optional floor support or mobile cart to complete your solution.
