

# Display Mobile Lift Cases

## All-in-One Portable Presentation Solution

**InFocus**  
Collaboration That Works

Part #s: CA-ATALIFT40, CA-ATALIFT55, CA-ATALIFT70

**Time is valuable. Spend it on communicating your message, not setting up your display.**

The InFocus Lift Case allows a Mondopad, BigTouch, JTouch, or DigiEasel to be set up by one or two people and ready for use in less than 5 minutes without electric power.

Ideal uses include rapid setup in hotels, events, tradeshow, training facilities, sports arenas, military installations, campuses and more

Easily store, transport, and use a 40", 55", 57", 65", or 70" flat screen display in the lift case.

### Features

- Proprietary universal mounting bracket for flat-screen display
- Full range of viewing heights, range varies by display size
- Shock-mounted lift mechanism
- Pivoting mount on 40" case enables portrait or landscape DigiEasel display
- Integrated cable management system
- 2-piece clamshell locking lid
- Stable, yet portable with four heavy duty casters
- Mounted multi-outlet surge protected power strip
- Plastic cavity covers conceal the inside of the case when in use
- Manufactured in the USA

### Optimized for the most versatile user and viewing experience

Pull the release handle and the display rises out of the protective case. Adjust the height as desired. When you're finished with your presentation, simply push it down gently to lock it in the storage position. No electrical power is needed for the case.

Permanently mount and wire your display for easy set-up in less than 5 minutes.

Lift models available for 40", 55", 57", 65", and 70" displays.
