

Accessory for stand aspiration

FAE030

Aspiration for up to 4 stands.

The FAE2-5A is the most efficient solution to avoid solder fumes thanks to its **unique system integrated into the stand**.

Once the tool is returned to the stand, the valve in the work area closes and the stand valve opens to absorb the fumes.

Fix the accessory on your workbench with the screws and connect the FAE010 Flexible Hose to the main aspiration duct.

Caps are included (ref. 0019101).

Specifications

Net weight	0,13 kg (0.29lb)
Diameter	90 mm (3.5 in)
Package weight	198 gr (0.44 lb)
Package dimensions	135 x 100 x 100 mm (5.31 x 3.94 x 3.94 in)
	130 gr (0.29 lb)
