

Nano Tweezers

NP115-A

The JBC smallest adjustable tweezers NP115 provides the highest precision when soldering or reworking SMD components.

It works with two cartridges managed individually.

Versatile movement

The flexibility of the arms allows greater versatility when handling components of any geometry.

Shortest distance Tip-to-Grip

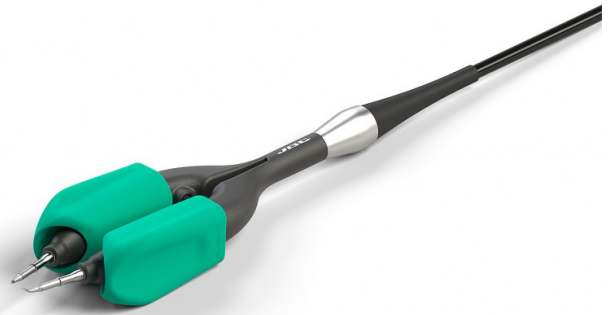

Provides greater manual control of the tool, including when using a microscope.

Finger sleeves

The N1738 sleeves are a snug fit to the operator's fingers to apply a sideways movement.

Works with NASE-C and NANE Nano stations and C115 cartridges.

Not compatible with C105 range.

Specifications

Cable length	1.2 m
Net weight	0,05 kg (0.10lb)
ESD safe	
Package weight	0,09 kg (0.20lb)
Package dimensions	235 x 40 x 40 mm (9.25 x 1.57 x 1.57 in)

Product Packaging

Tools NP115-A

Connectables

2 Tools Nano Rework Station
