Features

The JBC Cartridge Stand holds up to 12 models of C210 and C245 cartridges. Moreover the SC-C has two different positions:
(1) The internal position for C210 cartridges.
(2) The external position for C245 cartridges, as the image below.

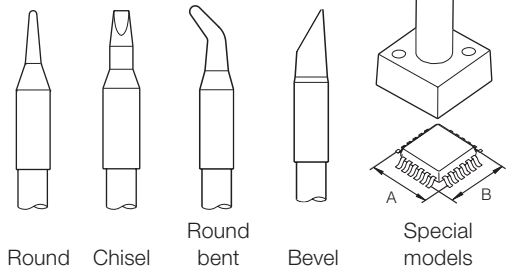

Find the ones that best suit your soldering needs at: www.jbctools.com

C210 Cartridges

C245 Cartridges

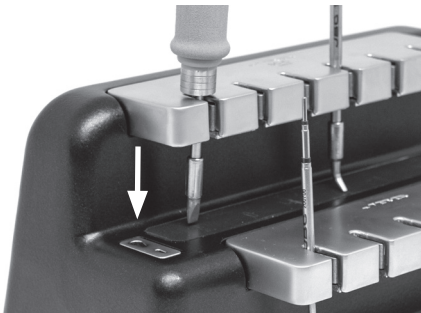

Changing cartridges

Save time and change cartridges without switching off the station.

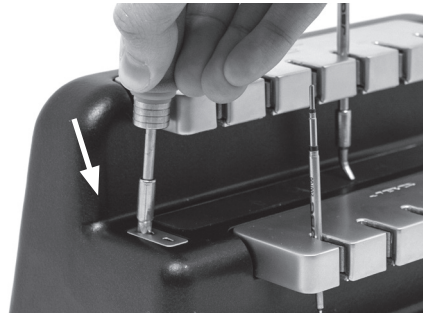

Inserting

To insert the cartridges, push the handle into the cartridge as the image.

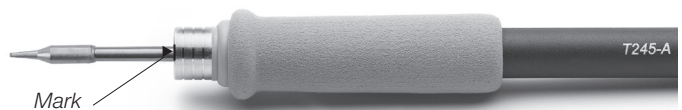

Aligning

Use the appropriate hole to push the cartridge into the handle as far as the mark*. Also can be used to rotate the cartridges (for C245 or C210) for a proper alignment.

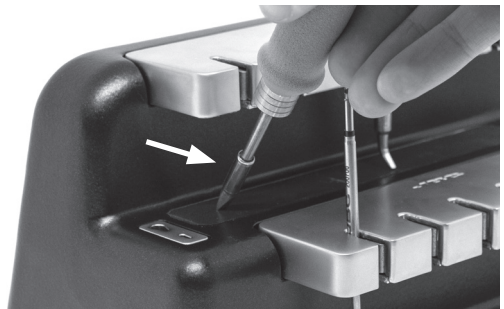

*Important

It is essential to insert the cartridges as far as the mark for a proper connection.

Removing

Place the cartridge in the slot and pull the handle to remove it.

Specifications
