RAPID CHARGING

ULTRA-LIGHT

BUDGET-FRIENDLY

Efficiency on a Budget

- Utilize the powerful JAR Intelligent Charging System with a compact, lightweight storage solution that **won't break the bank.**
- Easy to use, dependable charging with sturdy, american-constructed steel make this cart an **economical solution for large class sizes.**

Easy to Transport

- Secures and transports up to 40 devices with ease. **Weighs in at over 100 lbs less than other carts.**
- Features top and bottom handles and 5" industrial grade casters for easy maneuverability over different floor surfaces.

Best in Class Charging

- Power sensors and charging logic** deliver the fastest possible charge and you never have to worry about tripping a circuit breaker.
- LED status indicators** tell you how long the devices take to charge, which devices are receiving power, and when charging is complete.

JAR Intelligent Charging System

Having first developed the Intelligent Charging System seven years ago, JAR Systems is the industry pioneer in intelligent charging of mobile devices. Our Intelligent Charging System has been developed to be both powerful and easy to use. Just press one button to start charging!

Five-Year Warranty

Call Today: (866)393-4202 | www.JAR-Systems.com

Never Buy Another Charging System!

Our charging system comes with a five-year warranty. Plus the easy-upgrade USB port enables future upgrades to charging software in the event that new mobile device specifications come along, offering even more longevity.

Easy to Wire

Streamlined cable management scheme allows for a quick and easy set up. A/C adapters are stowed away beneath the shelf, which is lockable to prevent removal of cables. The cart supports both in-line and outlet chargers for maximum device compatibility

Lock it in Place

Optional wall lock solution provides you with additional security for your cart by anchoring the cart to the wall, effectively preventing relocation. It also allows for uninterrupted availability of the devices while the lock is in place.

Power for Peripherals

Auxiliary power outlet allows you to connect and control power to accessories in the same place as devices.

Small Rolling Footprint

Only 26" W x 20" D, so it will not take up a lot of space and its easy to move.

**CHARGE 40 DEVICES, FAST,
WITH THE PRESS OF A BUTTON!**
