

ESSENTIAL 16

CHARGING STATION CS-1610

JAR SYSTEMS^{LLC}
mobile solutions for education and training

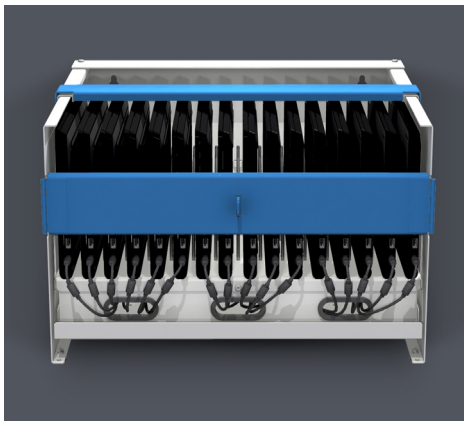

Charge and Secure up to 16 Chromebooks, Tablets, or Notebooks

- Cost-effective—less than \$19/device
- Use it on a wall or tabletop
- Adjustable height and depth

Great for 1-to-1 technology programs, small class sizes, large class sizes, charging in central locations and more!

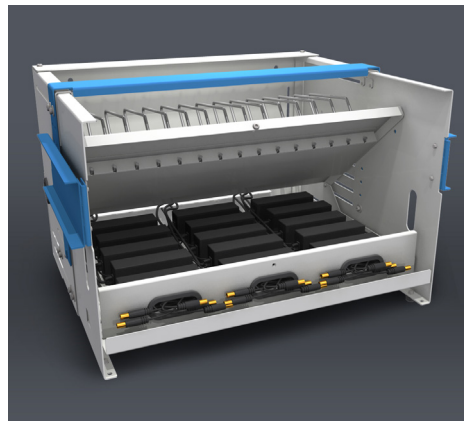

NEW

Affordable Solution, Easy to Set-Up & Use

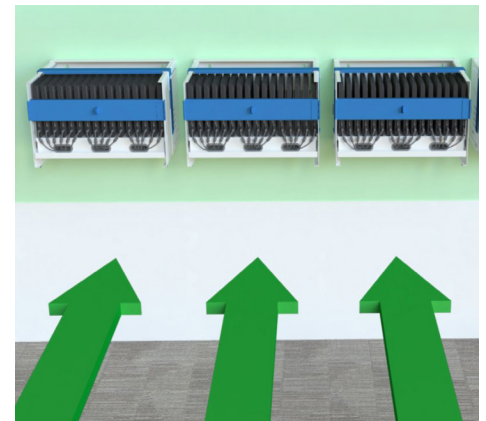

Open Design

The locking system prevents devices from being removed, while providing an open design that allows teachers to see that all devices have been returned with a glance.

Lockable Cable Compartment

Cut down on wiring time with a solution that is easy to set up, but endures repeated use. AC adapters and excess cable lengths are stowed in a lockable compartment beneath the shelf.

Speedy Deployment

Multiple charging stations can be used for higher quantities of devices. This can also increase the speed of deployment as students form multiple lines to retrieve their devices.

SPECIFICATIONS

14" H x 20.91" W x 14" D
Adjusts to 18" D
16 Device Bays 1.25" W
(1) 16 Outlet UL Power Strip

Low-Cost Small Parcel Shipping

The Essential 16 Charging Station is designed to ship to schools as a convenient small parcel. The unit comes together in 3 steps and installation requires just one person.

Five-Year Warranty: Standard five-year warranty covers the entire solution.
