INTRODUCING THE NEW **Aviation Technician Tool Kit**

Introducing our newest product innovation for aviation schools, the Jensen Aviation Technician Tool Kit. Based on the FAA's Part 147 tool list, this is an affordable solution to the problem of how to get tools into the student's hands. Featuring a rugged, tarmac-ready mobile tool chest with 5 pullout drawers and top tray, this toolkit has all the tools your program needs. Ask us about our optional foam drawer insert package!

List price: \$2,645
EDU price: \$1,980
