

Jonard Tools' 4-Piece Carbide Hole Saw Kit is engineered for fast, clean cuts through steel, stainless steel, aluminum, copper, and more. Its ultra-sharp blades are perfect for installing conduit, junction boxes, or pass-throughs for cable routing. This hole saw kit also features the following:

- Carbide-tipped bits stay sharper, cut cleaner, and last longer, even through tough materials
- Pilot drill with ejector spring keeps cutting centered and automatically ejects cut slug to reduce downtime
- Made from industrial-grade to withstand heavy-duty use
- Cut accurate holes quickly and easily with minimal burrs or deformation
- Includes: 7/8" (2.2 cm), 1-1/8" (2.9 cm), & 1-3/8" (3.5 cm) Hole Saw Bits, Extra Pilot Bit, and Hard Case
