POWERHUB 1

Distribute power and lighting to the jobsite from a central location with the Klein Tools PowerHub 1 (Cat. No. 29610). The space saving, vertical design keeps electrical plugs off the ground by stacking six covered, surge protected 120V outlets. The built-in GFCI removes the need for additional GFCI adapters. Brighten up dimly lit areas with the adjustable, 5,000 lumen LED work light. Easily carry to any location by grabbing the rugged, exoskeleton handles that are conveniently located on the top and sides of the PowerHub 1.
