BUCKET WORK CENTER

An ecosystem that will revamp the way a Lineman works. It allows Linemen to customize their workspace, just like other professionals customize their office space. This will be "the Lineman's office". S-Hook modules easily attach to aerial buckets with a 2" or 3" bucket lip. An assortment of modules are available to customize each workstation to fit the tools needed for the job. S-Hooks slide horizontally across the bucket rim with ease to quickly rearrange the modules to maximize space. The Bucket Work Center fits under a standard bucket cover to eliminate the need for take down before going to the next worksite.

Hard Tool Storage Module

BC501S

- 18 compartments hold a wide variety of lineman tools
- Rare-earth magnets to hold hardware and small tools
- Innovative design intended to be more durable than traditional tool aprons
- Rubber flaps to hold tools during transit

Tool Apron Storage Module

BC502S

- 12 compartments hold a wide variety of lineman tools
- Rare-earth magnets to hold hardware and small tools
- Innovative design intended to be more durable than traditional tool aprons
- 3 straps to hang additional tools
- Cut-resistant knife pocket
- Bonus buckle for extra storage

Magnetic Tool Storage Module

BC504S

- Rare-earth magnetic plates hold hand tools, sockets, bits and small parts
- Strong enough to hold lineman's pliers

Socket Storage Module

BC509S

- Fits a range of socket sizes from 3/8" to 1-1/8"
- Magnets to keep sockets in place during transit

Auger Bit Storage Module

BC507S

- 2 slots that fit 12", 18" and 24" bits
- Auger bit holder won't melt or dull tips

Utility Bar Storage Module

BC508S

- Holds lineman tools including hammers, straps and ropes

S-Hook, 2"

BC311

- Attaches to a 2" bucket lip and holds all S-Hook Modules
- Designed for optimized fit with S-Hook Modules

S-Hook, 3"

BC312

- Attaches to a 3" bucket lip and holds all S-Hook Modules
- Designed for optimized fit with S-Hook Modules
